About Us

Established in 2007, Anupam Scales is now a leading brand in weighing scales. We are a name that you can trust when it comes to your weighing scales. Our company is driven by innovation and technology to further enhance our production. We are the one-stop solution for your weights and measures.

With an experience of 14 years in the industry, you can safely rely on us to manufacture weighing scales that are accurate and give precise readings. Putting experience to practice, we now have earned ourselves a name as the best weighing scales manufacturers in India, with revolutionary items to our credit.

Our products are easy to understand and operate with very simplistic mechanisms so that every person in your company can operate them. Our R&D is doing a thorough and in-depth analysis of the recent trends and developments in the market so that we can produce and enhance the quality of our own machines.

Every piece of machinery from our unit in Madhya Pradesh's Indore is well graduated and marked precisely for proper functioning. Our products have been widely accepted in the market all over India because of the quality that we are giving to India. We follow stringent quality norms and market standards to maintain quality.

Our service to you is assured. Even after you buy from us, we will give you service benefits so that your weighing scales are in perfect shape every time. The hard work and dedication of Anand Pandey have seen us rise as a company.
