Other Medical Supplies: IV set, IV Cannula, Nasal Cannula, Oxygen mask, Nebulizer Mask, 3way Stopcock, High pressure monitoring line, Urine containers and many more consumables.

OUR MISSION & VISION

- **Mission:** To enhance patient care by providing top-tier medical disposables with a focus on safety, quality, and affordability.
- **Vision:** To be a globally recognized healthcare brand, revolutionizing the medical consumables industry through innovation and excellence.

QUALITY

Quality is paramount in the production of medical disposables and equipment. Medmech Healthcare Private Limited is proud to be ISO 9001:2015, CDSCO and CE certified, reflecting our stringent quality management practices. Our advanced manufacturing facility is equipped with state-of-the-art machinery and equipment sourced from Germany and Japan, ensuring precision and consistency. Every product undergoes rigorous quality checks to meet both national and international standards, guaranteeing safety, reliability, and performance before dispatch.

CERTIFICATION & COMPLIANCES

- ISO 9001:2015 & ISO 13485 Certified
- GMP & CE Certified Products
- Stringent Quality Control Protocols
- Adherence to International Medical Standards

Latex Examination Gloves

- **Description:** Disposable, high-quality latex gloves used for medical examinations and procedures.
- **Features:**
 - Made from natural rubber latex.
 - Ambidextrous with beaded cuffs for enhanced durability.
 - Powdered and powder-free variants available.
 - Provides excellent tactile sensitivity and dexterity.

Nitrile Examination Gloves

- **Description:** Synthetic rubber gloves, ideal for individuals with latex allergies.
- **Features:**
 - Superior puncture resistance and chemical resistance.
 - Textured fingertips for better grip.
 - Available in different thicknesses for varied protection levels.

Latex Surgical Gloves

- **Description:** Disposable, high-quality latex gloves used for medical examinations and procedures.
- **Features:**
 - Made from natural rubber latex.
 - Ambidextrous with beaded cuffs for enhanced durability.
 - Powdered and powder-free variants available.
 - Provides excellent tactile sensitivity and dexterity.

Surgeon Gown

- **Description:** A sterile, protective gown worn by surgeons and medical staff during surgical procedures.
- **Features:**
 - Made from high-quality non-woven fabric.
 - Fluid-resistant and breathable.
 - Reinforced critical areas for enhanced protection.

Patient Examination Gown

- **Description:** Disposable or reusable gowns used by patients during medical examinations.
- **Features:**
 - Made of soft, breathable fabric.
 - Provides patient modesty and comfort.
 - Adjustable ties for secure fitting.

Surgical Drapes (All Surgery Drapes)

- **Description:** Sterile covers used to maintain an aseptic surgical field.
- **Features:**
Fluid-resistant, lint-free material.
Available in various sizes and designs.
Provides a sterile barrier against contamination.

Surgical Drape Kit

- **Description:** Pre-packed sterile kits containing multiple surgical drapes for various procedures.
- **Features:**
Customizable drape configurations.
High absorbency and fluid-repellent properties.

Plastic Apron

- **Description:** Disposable protective aprons used to prevent fluid penetration.
- **Features:**
Lightweight and waterproof.
Easy to wear and dispose of.

PVC Apron

- **Description:** Durable protective apron made of polyvinyl chloride for superior barrier protection.
- **Features:**
Chemical-resistant and reusable.
Ideal for prolonged use in healthcare settings.

Non-Woven Apron

- **Description:** Lightweight, disposable aprons for basic protection in medical environments.
- **Features:**
Breathable and comfortable material.
Resistant to mild fluid exposure.

Clinical Apron (Lab Coat)

- **Description:** A professional laboratory coat used by healthcare personnel.
- **Features:**
Made from durable fabric.
Features multiple pockets for storage.

ESD Apron

- **Description:** Anti-static apron used in controlled environments.
- **Features:**
Prevents electrostatic discharge.
Ensures protection in sensitive work areas.

Cotton Wool Roll

- **Description:** High-absorbency cotton rolls used in wound care and medical procedures.
- **Features:**
Soft, pure cotton material.
Ideal for cleaning and dressing wounds.

Zig-Zag Cotton Wool

- **Description:** Specially folded cotton wool for easy dispensing.
- **Features:**
High absorbency and softness.
Multipurpose usage in hospitals and clinics.

Cotton Balls

- **Description:** Sterile and non-sterile cotton balls used for medical applications.
- **Features:**
Soft, lint-free texture.
Used for antiseptic application and wound cleaning.

Soft Roll

- **Description:** A soft, absorbent roll used for padding and wound care.
- **Features:**
Gentle on the skin.
Provides cushioning under bandages.

Cotton Rolled Bandages

- **Description:** High-quality cotton bandages used for wound dressing and support.
- **Features:**
Breathable and lightweight.
Provides mild compression and support.

Gauze Than (Gauze Cloth)

- **Description:** Large gauze fabric rolls used for medical dressing.
- **Features:**
High absorption capacity.
Available in different mesh sizes.

Gauze Swabs

- **Description:** Sterile or non-sterile gauze pieces used for wound cleaning and dressing.
- **Features:**
Made from 100% cotton.
High absorbency and durability.

Elastic Adhesive Bandages

- **Description:** Stretchable adhesive bandages used for support and compression.
- **Features:**
Provides firm support to injured areas.
Ensures controlled compression.
