About Us

Kolkata Ravi Specialities Pharma Pvt Ltd. is a popular name in the industry of pharmaceuticals for its honesty, transparency, competitive spirit and higher values. We are veteran supplier and exporter of different range of pharmaceutical products including Cerviprime gel, Septonat oral spray, pharmaceutical injections, pharmaceutical tablets, pharmaceutical capsules, safety mask and pharmaceutical syrup. The aforementioned range of products we procure directly from the genuine and reliable vendors from the market. We select our vendor partners based on the quality and infrastructure they provide. All the pharmaceutical products provided by us are available at different market places and at affordable price range. We have a strong distributed network spread over different parts of the globe.

Headquartered in Kolkata, West Bengal, we are one of the eminent organizations that is emerged in providing finest quality pharmacy products in different parts of the world. Our company was incepted in the year 2015, and since then we have successfully established a good rapport with our worldwide clientele and positively catering to each of their requirement.

Our Vendor Selection

Kolkata Ravi Specialities Pharma Pvt Ltd. is a quality centric organization. We carefully select every vendor with whom we deal on regular basis. Our selection team follows the process of selecting vendors on the basis of their industrial value, distribution work and furnished inventory and storage structure.
