Launched in 2020, we offer an extensive range of face masks made of woven and non-woven materials. Our product range covers the exhaustive spectrum of disposable face masks for industries and medical fields, where hygiene and safety are looked upon as the prime importance

Hetvi Meditex Offers Good Quality and Breathable Face Masks

Our stone of foundation was laid under the guidance of Mr. Pravin Chaudhary who envisioned offering high-standard and premium masks of myriad quality and designs to his valuable customers. Our range of disposable face masks is specially designed to protect you from all kinds of bacteria and viruses. We are counted as one of the most notable medical and non-medical face mask suppliers and manufacturers in India. Since the time of inception, we have been catering to the multiple needs of the medical disposable industry.

The strict adherence to premium quality, cutting-edge manufacturing techniques, and honest business dealings have acquired us an acclaimed position amidst the country's best dealers and manufacturers of face masks. To ensure respect and love from our valuable customers, we have always believed in serving the society through innovative and budget-friendly face masks.
