# Digg Interiors – The Interior Designer Professional With A Difference.

- The 3D visualisation enables you, the customer, to visualise the design layout, the aesthetic contours which includes furnishings, sound, illumination, shadow, reflection and even the air passages. All installations and colour co-ordinates. Any impractical furniture choices, unintended flaws in light effects or use of space are done away with, as our design focused professionals walk every detail with you through 3D 'photo real' imagery. This versatility enables you the owner, to actively participate in the making of your home or your business.
- In the 3D renderings, our innovative designing experts are inclined towards nothing but the best. Bring in your flat image on paper or a complex visual in your mind and convert into a real time image, you no longer have to do with makeshift ideas. Every detail and aspect of your design can be looked into before it is actually produced.
- This dynamic interactive element sets us apart from our peers saving you cost and time, with quality products to match our budget deals. Whether it is a new home or renovation of an old one. An office or corporate suite. A restaurant or a luxury hotel. We offer you efficiency and perfection.

#### **Woodwork Interior Designing Service**

# **Cafe Interior Designing Service**

Word Cafe, tickles everyone nose with a heady aroma of a hot beverage, but it is not the only enticement to lure you. A café is a place where you feel welcome, it's a place that has a kind of concealed identity attached to it. A spot for casual banter or a meet. Be it alone or with a group of people it invokes an unassuming address.

For all this, an important factor at play is the interior. It is how you place & decorate furniture (so called tables and chairs). That said

### **Boutique Interior Designing Service**

Boutique – lends an air of sophistication to an otherwise unobtrusive store. Generally dealing in apparel, boutiques are considered high-end fashion stores serving clientele with that quintessential aura of sophistication.

As a boutique attends to a specific form of couture, the interior will be contingent with it. Whether casual, trendy; menswear or ladies garments and accessories; formal wear; kids wear, beachwear etc.

#### **Bedroom Interior Designing Service**

Bedroom is that space in the home that defines you more intimately. The sanctuary of peace, a retreat into your innermost being. So how would you envisage it? If it's a room with a view – glass and sheer curtains billowing in the gentle breeze? This is one area that can have everything of anything and not look overcrowded. So come over and tell us of your need. Every bedroom with its own distinct seal. Trendy and funky bedroom interiors for the youngster that would make it his or her favourite haunt. Playful and inspiring

# **Bathroom Interior Designing Service**

Relaxing those tired limbs after a hard day's grind needs to be soothing and refreshing. Our experts have trained themselves to understand the need of individuals in this internet world, bringing to you an array of eclectic delights that are both exhilarating towards the body as well as mind. We do offer a price range too that can fit into any pocket. Our designers and consultants will guide you on the safety standards to be followed during product selection. A quick look into your bathroom can be made available to you on our

# **Bar Interior Designing Service**

Architectural practice and design outlays require a certain amount of insight into a complex set of forces or demographics. At Digg Interiors we make easy for you to understand, visualize and literally walk through your space. Whether it is a luxury condominium or an apartment, a hotel or a restaurant, a holiday home or your residence, our design experts will convert it to 'the place' which speaks for you, about you. An exclusively branded home or an office that you can call your very own.

#### **Showroom Interior Designing Service**

Every brand wants its products to be viewed and purchased by huge audience. Showroom or the Malls are the perfect places that enables a product to have its say. A most important factor for any showroom or retail store is its ability to attract a customer to walk-in through its doors.

Exclusive designs from the floor to the ceiling and wall and window displays resplendent with lights. Innovative browsing ideas and promotional deal set-ups are key elements. Come learn with our con-

# **False Ceiling Designing Service**

Good lighting blends the mood or the ambiance of the room and creates the atmosphere you need, whether you are spending quality time with your family, you have guests, or at a meeting in your office hub. Digg Interiors understands this vital aspect while furnishing your home or office. Lighting incorporated for style, improves the sense of comfort giving a pleasant feeling to our eyes. If it's your restaurant, then the lights need to be discreet drawing the focus away from diners to the food. Or if it's the exteriors you need to light up, then security and safety standards need to be met.

# **Modular Kitchen Designing Service**

Translating ideas and concepts into realities in the given space with convenience and elegance are modular kitchens. Modern kitchen or modular kitchen means just that – modern and modelled to fit your specific purpose and style. Whether you are a traditional cook, Professional chef, a housewife or an executive, you need a kitchen not just to fit into the space provided but into your lifestyle.

The modular kitchen designs are tailor made to suit your needs as the versatility of prefabricated units allows you to adapt it with ease

# **Exterior Designing Service**

The ambience of your home or business studio start from the outside to inside. An enigmatic or personalized exterior makes everyone to anticipate about the kind of person that lives inside this manicured facade. A porch for the modern bungalow, elegant landscape of lawn, fountains and sculptures for a mansion or a wooden patio for the neo-rich condominium dwellers or a simple fence with fresh green hedge of flowers accentuate the exterior design for small houses.

Depending on the space available and the topographic attributes
