

HARI PACKAGING MACHINERY

Paper Corrugated Board, Box Making Machines & Spares

www.haripackagingmachinery.in

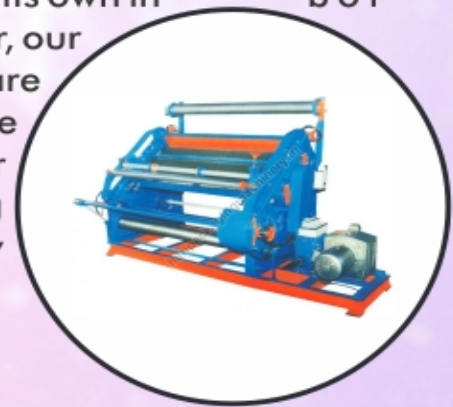

With experience of more than a decade in the industry, Hari Packaging Machinery continued relatively strong dedication to work and commitment to service have finally led us to emerge as one of the organizations involved in manufacturing, exporting and supplying a wide range of products. Our product range comprises Corrugation Machines, Cutting Machines, Laminating Machines, Reel Loading Stands, Slotting Machines, Stitching Machines, Industrial Rollers, Flexo Printing Machine, Heavy Duty Platen Punching Creasing and Embossing Press Machine, Thin Blade Slitter Scorer Machine, Chain Feed Combined Rotary Diecut Punching Machine, HPMFG Series Automatic Folder Gluer Machine, Automatic Board Making Plant, Automatic Sheet Gluer Machine, Automatic Paper Feed Machine, Auto Vacuum Type Paper Feeder Machine and Board Gumming Machine. These machines can be obtained at market-leading prices worldwide.

Hari Packaging Machinery is named by a team of highly technically sound and qualified professionals who are very start to knowledge with well experienced in the field of manufacturing paper corrugated board & box producing, printing & converting machineries. Our products maintain the principles of honesty, quality, reliability and customer satisfaction to the international standard of modern needs. Our machines are widely appreciated by our customers for their high operating speed, low power consumption, superior functionality, adaptability, economics, high efficiency, optimum output, longer service life, high speed precision, low noise & minimal maintenance.

Hari Packaging Machinery is a quality-focused concern with an aim of giving its customers superior quality machines. Quality is the center of all our activities and we are supported by an expert team of quality control analysts keeping a strong check on the manufacturing process to ensure the output of flawless machines.

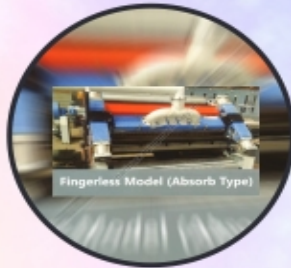

Hari Packaging Machinery is operated and managed by Mr. Ronak Parikh, is the director of the organization. Under his proficient knowledge and expertise in this domain, the company has successfully established a name of its own in both domestic and international markets. Apart from our director, our team of experienced engineers, technocrats, among others are the assets of our company. They work with a vision to provide our customers with products that are as per their specifications. A huge and well organized warehousing facility supports us in our endeavor to meet high quality standards.

High Speed Absorb Corrugation Machine

Specifications

- Business Type : Manufacturer, Exporter, Supplier
 Machine Type : Absorb Corrugation Machine
 Type : High Speed Corrugation Machine
 Material : Cast Iron

High Speed Fingerless Universal Corrugation Machine

Specifications

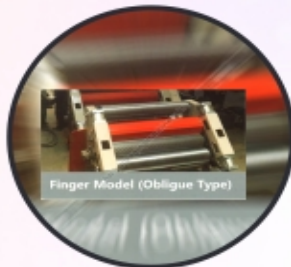

- Business Type : Manufacturer, Exporter, Supplier
 Machine Type : Fingerless Universal Corrugation Machine
 Type : High Speed Corrugation Machine
 Material : Cast Iron

High Speed Oblique Corrugation Machine

Specifications

- Business Type : Manufacturer, Exporter, Supplier
 Machine Type : Oblique Corrugation Machine
 Operating Mode : Automatic
 Driven Type : Electric

Single Facer Double Profile Paper Corrugation Machine

Specifications

- Business Type : Manufacturer, Exporter, Supplier
 Type : Paper Bag Making Machine
 Material : Mild Steel
 Machine Structure : Horizontal

Single Facer Finger Oblique Corrugation Machine

Specifications

- Business Type : Manufacturer, Exporter, Supplier
 Type : High Speed Corrugation Machine
 Material : Mild Steel
 Machine Structure : Horizontal

Single Facer Oblique Corrugation Machine

Specifications

- Business Type : Manufacturer, Exporter, Supplier
 Type : High Speed Corrugation Machine
 Material : Mild Steel
 Shape : Rectangular

Single Facer Paper Corrugation Machine

Specifications

- Business Type : Manufacturer, Exporter, Supplier
 Type : High Speed Corrugation Machine
 Operating Mode : Automatic
 Machine Structure : Vertical

4 Bar Rotary Creasing and Cutting Machine

Specifications

- Business Type : Manufacturer, Exporter, Supplier
 Material : Mild Steel
 Driven Type : Hydraulic
 Automatic Grade : Semi Automatic

Automatic Paper Reel to Sheet Cutting Machine

Specifications

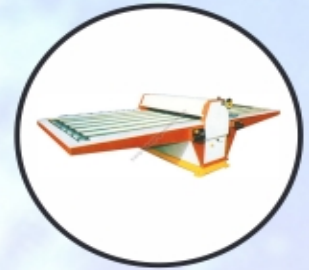

Business Type	: Manufacturer, Exporter, Supplier
Application	: Paper Cutting
Automatic Grade	: Semi Automatic
Type	: Paper Reel to Sheet Cutting Machine

Flat Bed Die Cutting Machine

Specifications

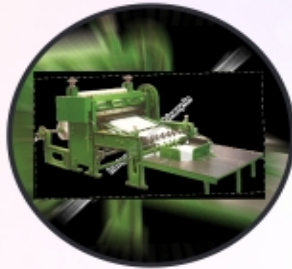

Business Type	: Manufacturer, Exporter, Supplier
Type	: Flat Bed Die Cutting Machine
Application	: Die Cutting
Voltage	: 380V

High Speed Rotary Paper Cutting Machine

Specifications

Business Type	: Manufacturer, Exporter, Supplier
Working Voltage	: 220V
Automatic Grade	: Semi Automatic
Material	: Mild Steel

High Speed Rotary Sheet Cutting Machine

Specifications

Business Type	: Manufacturer, Exporter, Supplier
Power Source	: Electric
Speciality	: High Precision Cutting, Less Power Consumption, Robust Design
Usage	: Industrial

Printing Slotting Die Cutting Machine

Specifications

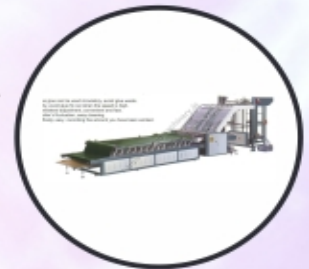

Business Type	: Manufacturer, Exporter, Supplier
Type	: Printing Slotting Die Cutting Machine
Material	: Mild Steel
Operating Mode	: Automatic

Automatic Feeder Type Flute Laminating Machine

Specifications

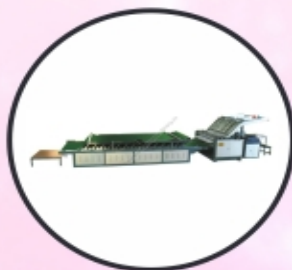

Business Type	: Manufacturer, Exporter, Supplier
Type	: Automatic Feeder Type Flute Laminating Machine
Application	: Laminating Machinery
Condition	: New

Automatic Flute Laminating Machine

Specifications

Business Type	: Manufacturer, Exporter, Supplier
Type	: Automatic Flute Laminating Machine
Application	: Laminating Machinery
Condition	: New

Electric Shaftless Reel Loading Stand

Specifications

Business Type	: Manufacturer, Exporter, Supplier
Size	: Customised
Type	: Reel Stand
Material	: Stainless Steel

Hydraulic Shaftless Reel Loading Stand

Specifications

Business Type	: Manufacturer, Exporter, Supplier
Type	: Hydraulic Shaftless Mill Roll Stand
Application	: Paper Rolling Industry
Condition	: New

Manual Reel Loading Stand

Specifications

Business Type	: Manufacturer, Exporter, Supplier
Size	: Customised
Type	: Reel Stand
Material	: Stainless Steel

Chain Feed Combined Rotary Creasing and Slotting Machine

Specifications

Business Type	: Manufacturer, Exporter, Supplier
Type	: Rotary Slotting Machine
Voltage	: 220V
Condition	: New

Eccentric Slotting Machine

Specifications

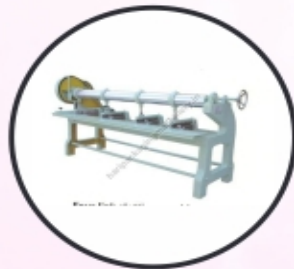

Business Type	: Manufacturer, Exporter, Supplier
Type	: Eccentric Slotter Machine
Voltage	: 380V
Automatic Grade	: Semi Automatic

Four Link Slotting Machine

Specifications

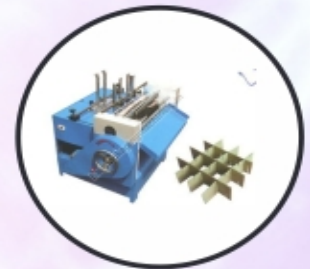

Business Type	: Manufacturer, Exporter, Supplier
Type	: Slotting Machines
Voltage	: 220V
Condition	: New

Partition Slotting Machine

Specifications

Business Type	: Manufacturer, Exporter, Supplier
Type	: Partition Slotting Machine
Voltage	: 220V
Condition	: New

Automatic Corrugated Boxes Stitching Machine

Specifications

Business Type	: Manufacturer, Exporter, Supplier
Type	: Corrugated Box Stitching Machine
Condition	: New
Automatic Grade	: Semi Automatic

Flute Grinding Roller

Specifications

Type	: Refurbished
Certification	: CE Certified
Color	: Black, Grey
Connectivity	: Wifi, Wireless
Data Storage Capacity	: 320GB Hard Disk
RAM	: 4GB RAM

Flute Roller

Specifications

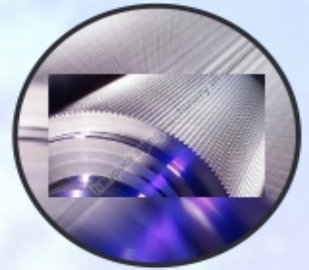

Business Type	: Manufacturer, Exporter, Supplier
Size	: Customised
Application	: Box Making Machine, Industrial
Country of Origin	: Made In India

Hardchrome Plated Roller

Specifications

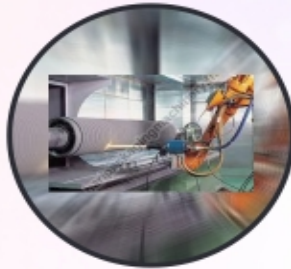

Business Type	: Manufacturer, Exporter, Supplier
Type	: Hard Chrome Plated Roller
Material	: Alloy Steel
Application	: Moving Goods

Tungsten Carbide Roller

Specifications

Business Type	: Manufacturer, Exporter, Supplier
Size	: Customised
Type	: Tungsten Carbide Roller
Material	: Tungsten

Flexo Printing Machine

Specifications

Business Type	: Manufacturer, Exporter, Supplier
Type	: Flexo Printing Machines
Weight	: 1000-2000kg
Voltage	: 380V

Heavy Duty Platen Punching Creasing and Embossing Press Machine

Specifications

Business Type	: Manufacturer, Exporter, Supplier
Type	: Heavy Duty Platen Punching Creasing and Embossing Press Machine
Application	: Industrial
Weight	: 2000-3000kg

Thin Blade Slitter Scorer Machine

Specifications

Business Type	: Manufacturer, Exporter, Supplier
Place of origin	: India
Country of Origin	: India
Max. speed	: 140pcs / min

Chain Feed Combined Rotary Diecut Punching Machine

Specifications

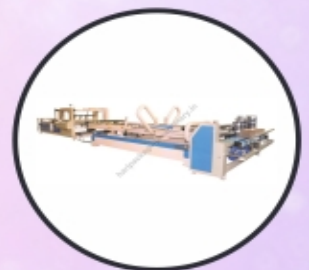

Business Type	: Manufacturer, Exporter, Supplier
Type	: Chain Feed Combined Rotary Diecut Punching Machine
Driven Type	: Hydraulic
Pressure	: Medium Pressure, High Pressure

HPMFG Series Automatic Folder Gluer Machine

Specifications

Business Type	: Manufacturer, Exporter, Supplier
Type	: HPMFG Series Automatic Folder Gluer Machine
Material	: Mild Steel
Operating Mode	: Automatic

Automatic Board Making Plant

Specifications

Business Type	:	Manufacturer, Exporter, Supplier
Type	:	Corrugated Board Making Plant
Voltage	:	440V
Automatic Grade	:	Fully Automatic

Automatic Sheet Gluer Machine

Specifications

Business Type	:	Manufacturer, Exporter, Supplier
Type	:	Automatic Sheet Gluer Machine
Material	:	Cast Iron
Operating Mode	:	Automatic

Automatic Paper Feed Machine

Specifications

Business Type	:	Manufacturer, Exporter, Supplier
Type	:	Automatic Paper Feed Machine
Material	:	Cast Iron
Operating Mode	:	Automatic

Auto Vacuum Type Paper Feeder Machine

Specifications

Business Type	:	Manufacturer, Exporter, Supplier
Material	:	Cast Iron
Driven Type	:	Electric
Automatic Grade	:	Automatic

Board Gumming Machine

Specifications

Business Type	:	Manufacturer, Exporter, Supplier
Type	:	Gumming Machine
Application	:	Industrial Use
Voltage	:	220V
