Paveart Tiles is a prestigious name from Morbi (Gujarat) that is acclaimed for offering a wide range of wall tiles that are manufactured for different utility areas. We serve as a dependable manufacturer, exporter, and supplier of silver series wall tiles, golden series wall tiles, and platinum series wall tiles. We bring forth various kinds of tiles such as metro tiles, subway tiles, kitchen tiles, and bathroom tiles. We can provide wall tiles in various color combinations with unique style and design. We curate tiles according to the market trends. We manufacture beveled tiles for the domestic and international markets.

The establishment of Paveart Tiles took place in the year 2016 under the astute guidance of Mr. Dhananjay Ughreja, who serves as the company founder. Right from its establishment, the company has been appreciated for offering breathtaking wall tiles that can turn heads of many with their sheer exclusivity, fine finish, and elegance.

## INFRASTRUCTURE

We manufacture long-lasting wall tiles in compliance with stringent safety norms. We produce tiles at our state of the art manufacturing unit. We manufacture tiles in the fully automatic machinery under the guidance of a qualified and experienced team of engineers. We manufacture high-quality tiles for your bathroom, kitchen, and subway. We have earned a reputation in the Indian and International markets. We have a highly technical and qualified team of professionals.

## ECO-SUSTAINABILITY

At Paveart Tiles, we're always keen to improve our environmental practices. Not all industrial manufacturing is damaging to the environment; at paveart, we are conscientious about running our production line in a sustainable way that is as eco-friendly as possible.

Re-using broken pieces of ceramic for artistic and home renovation projects is widespread, but we like to take things further. That's why we practice sustainable manufacturing by recycling waste heat, waste water and excess clay for maximum use. We also save on road miles – and associated emissions – by always trying to source our raw materials locally.

## OUR VISION

We believe in improving the quality of the tiles by providing better tiles that last for a longer period. At Paveart tiles we create new patterns and designs. We want to remain updated with the new trends in the market. We also believe in satisfying the demands of modern customers.

## OUR MISSION

We believe in making workplaces and homes excellent by delivering a top-quality solution to our esteemed clients. We also try our level best to meet the requirement of the domestic and international markets. We believe in continuous improvement with continuous innovation.

## QUALITY

We believe in delivering high-quality ceramic tiles. Quality is everything for us. We believe in satisfying the needs of our customers. Integrity, respect, and trust are the main parameters of our relationship with the customers. We want to maintain a long-term relationship with our clients.

## WE EXPORT SUBWAY TILES WORLD WIDE

We understand that the business can be done with top-quality products, quick delivery, best price, and speedy service. So, it is quite important to build confidence and mutual trust by exporting ceramic tiles. We export ceramic tiles across many countries. We have a strong delivery network worldwide. The global market is growing quite fast and there is huge competition. So, we are expanding our business and product line.

Paveart Tiles exports are expansions across an ever increasing network of more than 12+ countries. The company's Export Department have its wings unfolded to almost every country across the globe.
