One Stop Service :

Pioneer Herbals offers a complete one stop services for your private label, from product conception and development to packaging and marketing.

We have our own research & development centre, enabling us to keep pace with the latest trends, our own marketing team, always ready to introduce new products and designs, and our brand new production facility, enabling us to respond to demands with agility.

Our co-workers are keen to accept every challenge. We perform quality checks on our products at every stage of the production cycle.

Through our dynamic research and marketing development, we keep up with the latest trends in products, designs and packaging, and we can propose an attractive and competitive products line for your private label.

Our flexible production facilities are able to respond to your demands. A team of enthusiastic co-worker is here to take on every challenge for your private label.

We have expanded beyond our strong traditional markets through a solid representation in our key markets, competence in the marketing and regulatory are available to successfully develop your private label range.
