ABOUT US

Swastik Engineering Company is a well-known Manufacturer and Supplier of Metal Pens, Pen Boxes, Pen Holders, Marker Tips, Brass Pen Components, Fountain Pen Parts, Metal Pen Clips, Pen Refills, Brass Pipes, Velvet Pouches, Aluminium Pen Pipe & Pen Mechanism. We meet the demands of Highlighter Tips, Jotter Refill, and many more. We can produce anything related to metal pen and ball pen, as per party requirement. We have association with some of the reliable & trusted vendors across the country. This has helped us to meet the growing demands of domestic as well as global clients. Imported mechanism is employed in the production of our offered products. thus, our clients are sure to get top quality products from us.

Swastik Engineering Company is a Mumbai (Maharashtra) based company that was established in 1975. A sole proprietorship firm with almost four decades of experience in the domain, we have been able to meet the variegated and urgent demands of our clients. In our journey towards attaining the topmost position in the industry, we have been ably supported by our mentor Mr. Harshad Kumar B Shah (CEO). He has 3 years industry experience and requisite educational qualification that allow him to smoothly operate and manage all the business operations. His man management skills and client centric approach has been the core to our immense success throughout these years. He ensures that every detail of our clients is properly fulfilled and thus, he checks all the processes on a regular basis. We have appointed skilled professionals at our premises having requisite knowledge of production, post production as well as procuring of products and raw material. Their industrious efforts have enabled us to meet the customized demands of our clients effectively. Along with meeting the customized demands of clients, we also ensure to deliver our range to them within the stipulated time period with the help of our wide distribution network that spread across the globe.

Infrastructure Facility

Our infrastructure comprising engineering units, quality testing department, warehouse and research section allows in completing in a timely and effective manner. All these units are installed with the requisite machines and equipment that are subjected to regular up-gradation so as to assure bulk production. We possess three factories that carry out production of 25000 pieces per day. With land area of 1000 square meter, all business activities are completed smoothly. To meet the growing and urgent demands of our global clients, we have developed a state-of-the-art infrastructure unit at Mumbai (Maharashtra, India). The infrastructure has several units essential for production, quality testing, storage, research and packaging. All these units function in a streamlined manner in order to assure that these processes are completed within the stipulated time period. We comprehend the importance of latest facilities and thus, installed cutting edge machines and equipment in each of these units. With excellent facilities and skilled man power, we have been able to meet the growing demands of our global clients in an effective manner. We have developed a vast infrastructure for production of our range in an effective and smooth manner.

Our Team

Our diligent team of professionals has been the major force behind our immense success in this domain of manufacturing and trading Metal Pens, Pen Boxes, Pen Holders, Marker Tips, Brass Pen Components, Brass Pipes and Velvet Pouches. All our professionals including engineers, technicians, quality controllers, research associates, procuring agents and sales & marketing executives are appointed in our team after thorough testing on their skill and experience. They are also provided with requisite training at regular intervals to keep them updated with the changing market trends. Our professionals work in close coordination of each other as well as with clients in order to complete all the production and post production related activities in a timely manner.

Quality Assurance

We are a quality oriented organization with the foremost objective to offer quality products to our global clients. Thus, we have developed a quality testing unit at our premises that is installed with requisite machines, equipment and tools for effectively checking the quality of manufactured, as well as procured products. Our quality controllers are well-aware of the changing market trends and accordingly check the range on well-defined parameters, such as the following :

- Tensile Strength
- Dimensional accuracy
- Durability
- High load bearing capacity
- Water proof

Once properly checked, all the products are packaged and stored at our sophisticated warehouse unit until the consignments are delivered to the clients end.

Client Satisfaction

We have 37 years of experience in this domain of manufacturing, trading and exporting quality assortment of Metal Pens, Pen Boxes, Pen Holders, Marker Tips, Brass Pen Components, Brass Pipes and Velvet Pouches. With vast experience and skilled manpower, we have been able to maximize the satisfaction level of our clients based across the globe especially in the Indian Subcontinent. We also strive hard to meet the customized demands of clients, and thereby achieve their maximum satisfaction. Some of the steps we follow to ensure this are mentioned below

- Capitalize on skilled & experienced manpower
- Empowered with strong market network
- Pool of efficient engineers adept with the latest technologies
- Constantly effort to improve the functional efficiency of the products
- Products are offered at industry leading prices
- Payment is accepted in easy modes, like cash, cheque & DD
- Continuous improvement of work processes to achieve maximum customer satisfaction
- Quick delivery and better reporting system to inform customer regularly to plan their imports
