ABOUT US

Founded in 2019, Umatiya Electronics is a dynamic company based in Banaskantha, Gujarat, that has rapidly evolved into a multifaceted enterprise. Under the visionary leadership of Mr. Ubedulla Umatiya, the Founder and CEO, the company has become a prominent player in the manufacturing, Supplier, exporting, and trading of diverse products.

Umatiya Electronics takes pride in its comprehensive product portfolio, which includes Fresh Fruits and Vegetables, reflecting the rich agricultural diversity of the region. The company is committed to delivering premium quality produce that meets international standards, catering to both domestic and global markets.

In addition to agriculture, Umatiya Electronics has diversified into the healthcare sector with the trading and export of Medical Equipments. The company ensures that the medical equipment it offers meets stringent quality and safety standards, contributing to the enhancement of healthcare services.

The company's product range extends further to include consumer goods such as LED Flashlights, catering to both individual consumers and businesses. Umatiya Electronics also ventures into the food industry with the export of 1121 Steam Basmati Rice, renowned for its aromatic fragrance and long grains.

Beyond this, Umatiya Electronics is engaged in the stationery sector, providing A4 Size Notebooks and A4 Size Copy Paper. The company's commitment to quality, reliability, and customer satisfaction is evident across its diverse product lines.

As a forward-looking company, Umatiya Electronics envisions continued growth and expansion in diverse sectors. The company's commitment to innovation, ethical business practices, and the highest standards of product quality positions it as a reliable and dynamic player in the market, driven by the vision and leadership of Mr. Ubedulla Umatiya.
