Aaru Life Science initiated its journey with the dream to excel in the ground of Cleaning and Hygienic Chemicals with its inception in the year 2018. Ever since the beginning of the company, we have moved ahead with two main points which include good quality and affordable cost. Our product list includes Disinfectant Bathroom Cleaner, Liquid Hand Rub Sanitizer, Liquid Hand Wash, Liquid Toilet Cleaner, Dishwash Liquid, Liquid Floor Cleaner, Liquid Glass Cleaner, Premium Plus Detergent Powder, Super Plus Detergent Powder, Room Air Freshener and Liquid Laundry Detergent, etc.

All our products speak high about the quality standard according to the industry with soothing fragrances. And by making the products easily available to our customers at budget cost, we can get total customer satisfaction. We are based in Ahmedabad, Gujarat (India).

We at Aarulife Science regularly work in the way of offering our clients the top quality products and that's a too cheap price to endorse the sense of hygiene and cleanliness among masses.

At present, we are manufacturing quality products offering a one-stop solution for Cleaning and Hygiene needs to our esteemed clients in hospitality, industrial, commercial and retail fields.

To endlessly evolve new technologies, products, and methods and to meet the growing customer needs keeping the two pillars of low cost and quality. Our customer team is always ready to assist you.
