# ABOUT US

Sihag Knit Fab is a coveted name as a Manufacturer and Exporter from India that offers a variety of industrial machines to our admired clientele. Established in the year 2011, we are continuously taking feedback from our trusted customers to help improve our machinery design, increase productivity, and keep in touch with the ever-changing market trends of the industry. We believe in flexibility and reliability to help expand our business and create a brand name for our company.

## Quality Assurance

We offer a wide variety of machinery for our clients that include Automatic Sweater Knitting Machine, Fully Computerized Knitting Machine, Circular Knitting Machine, Socks Knitting Machine, etc, at a budgeted price. Our knitting machines deliver high productivity, uniform stitching, and quick, easy change for instant gauge change. We offer industrial knitting pieces of machinery that are user-friendly and designed to adjust different fabrics conveniently.

All our pieces of machinery are known for their precise design and tensile strength. Our winding machines and Garment Label Printing Machine are also renowned for optimal performance and quality among our clientele.

## Customer Satisfaction

We have a team of qualified and skilled technicians with a modern mean who guarantee flawless and quality production of our myriad of pieces of machinery. Our professionals are continuously developing and forming new designs and applications to ensure easy handling and maintenance of our machinery for our clients.

Name of CEO

**Mr. Sudhir Kumar**

Year of Establishment

**2011**

Nature of Business

**Manufacturer and Supplier**

## ◆ Automatic Sweater Knitting Machine

### SPECIFICATIONS

Automation Grade	Automatic
Brand	Sihag Knit
Knitting Style	Flat
Model Name/Number	E-II
Needle Style	Latch Needle
Phase	Single Phase
Motor Power	0.75 KW

## ◆ Fully Computerized Knitting Machine

### SPECIFICATIONS

Automation Grade	Automatic
Usage/Application	Textile Industry
Needle Style	Spring Needle
Power	3.0 KW
Phase	Three Phase
Knitting Speed	1.5 m / sec
Voltage	220 - 230 V

## ◆ Circular Knitting Machine

### SPECIFICATIONS

Automation Grade	Automatic
Knitting Style	Round
Knitting Machine Cut	E5 - E18
Needle Style	Compound Needle
Power	0.5 KW

## ◆ Socks Knitting Machine

### SPECIFICATIONS

Automation Grade	Automatic
Knitting Style	Flat
Knitting Machine Cut	E18
Needle Style	Compound Needle
Power	2 KW
Phase	Single Phase
Voltage	220 - 230 V

## ◆ Thread Winding Machine

### SPECIFICATIONS

Power Consumption	10 HP
Automation Grade	Automatic
Voltage	220 - 230 V
Phase	Single Phase
Motor Speed (Rpm)	1400 RPM

## ◆ Cone Winding Machine

### SPECIFICATIONS

Automation Grade	Semi-Automatic
Power Consumption	1.5KW
Machine Type	Semi-Automatic
Phase	Single Phase
Usage	Textile Industry

## ◆ Yarn Winding Machine

### SPECIFICATIONS

Power Consumption	0.75 KW
Automation Grade	Automatic
Voltage	220 - 230 V
Phase	Single Phase
Power Source	Electric

## ◆ Garment Label Printing Machine

### SPECIFICATIONS

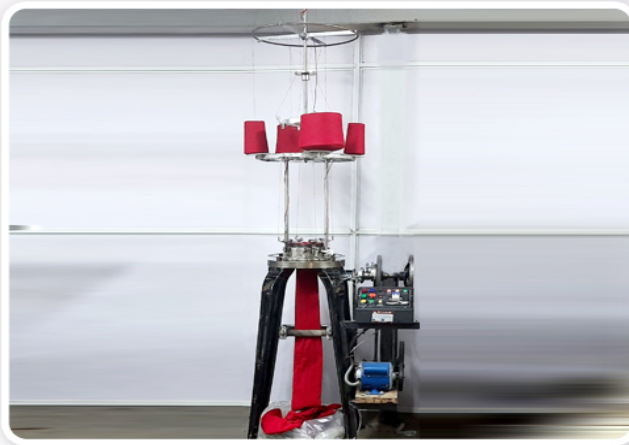

Voltage	220 - 230 V
Power Source	Electric
Color Printing	With Color Printing
Capacity	4 / 4 in Block
Paper Size	1/2" to 5.5" Tapes
Phase	Single Phase
Power	3 KW

## ◆ Semi Automatic Linking Machine

### SPECIFICATIONS

Operation Mode	Semi Automatic
Phase	Single Phase
Power Source	0.5 KW
Voltage	220 - 230 V
Machine Speed	200 to 600 RPM
