

SS VET PRODUCTS

SS VET PRODUCTS, Uttar Pradesh, was established in the year 2024 as a young dynamic company engaged in manufacturing and supplying high-grade Animal Feed Supplements. In this short period of existence, our company has earned the perfect testimonial for effective and reliable products that facilitate animal health.

About Us

SS VET PRODUCTS, UTTAR PRADESH, WAS ESTABLISHED IN THE YEAR 2024 AS A YOUNG DYNAMIC COMPANY ENGAGED IN MANUFACTURING AND SUPPLYING HIGH-GRADE ANIMAL FEED SUPPLEMENTS. IN THIS SHORT PERIOD OF EXISTENCE, OUR COMPANY HAS EARNED THE PERFECT TESTIMONIAL FOR EFFECTIVE AND RELIABLE PRODUCTS THAT FACILITATE ANIMAL HEALTH.

OUR PRODUCTS

SS VET PRODUCTS DEALS IN A WIDE ARRAY OF ANIMAL FEED SUPPLEMENTS, SUCH AS ANICOOL ANIMAL FEED SUPPLEMENT, CALCIUS-D FORTE ANIMAL FEED SUPPLEMENT, CALCIUS-S GOLD ANIMAL FEED SUPPLEMENT, AND CALCIUS-S-DS ANIMAL FEED SUPPLEMENT. OUR PRODUCTS ARE DESIGNED TO SATIATE THE NUTRITIONAL REQUIREMENTS OF ANIMALS SO THAT THEY REMAIN HEALTHY AND FIT.

QUALITY PRODUCTS

QUALITY IS AT THE CORE OF OUR OPERATIONS. WE MAINTAIN STIFF MANUFACTURING STANDARDS FOR SUPPLEMENTS THAT ARE SAFELY EFFECTIVE AND HELPFUL TO ANIMALS. OUR COMMITMENT TO QUALITY HELPS ENSURE CONSISTENCY IN DELIVERING THE RIGHT RESULTS WITH OUR PRODUCTS AND THUS CONTINUES TO HELP OUR CUSTOMERS RAISE HEALTHY, PRODUCTIVE LIVESTOCK.

CUSTOMER COMMITMENT

AT SS VET PRODUCTS, WE BELIEVE IN UNDERSTANDING CUSTOMER REQUIREMENTS AND DEVELOPING PRODUCTS BASED ON CUSTOMER NEEDS. ALSO, A TIMELY SUPPLY OF PRODUCTS WITH EXCELLENT CUSTOMER SERVICE IS, WE BELIEVE, THE KEYS TO CUSTOMERS' TRUST AND LONG-TERM RELATIONSHIPS.

OUR VISION

LOOKING AT THE FUTURE, SS VET PRODUCTS HAS AN ASPIRATION TO ADD MANY MORE PRODUCTS TO ITS PORTFOLIO, MAKING ITS PRESENCE FELT AS A FORMIDABLE BRAND IN THE ANIMAL FEED SUPPLEMENT SEGMENT. INNOVATION AND EXCELLENCE WOULD FORM THE CRUX OF THE PRODUCTS FROM THE STABLES OF THE COMPANY IN CARRYING FORWARD THE VISION OF KEEPING ANIMALS HEALTHY AND FIT ACROSS THE COUNTRY.

Our Product

ANICOOL ANIMAL FEED SUPPLEMENT

Triple strength of calcium and phosphorus blended in herbal galactagogue extracts for high milk yield without any side effects.

Approximately 70% of mineral content in animal's body consists of Calcium and Phosphorus. A deficiency of these minerals can prove devastating for animal's health. Argano Organic Ltd. with its unique formulation MILK GAINER AD3 GOLD is here to ensure that your livestock remains highly functional and productive with zero deficiencies.

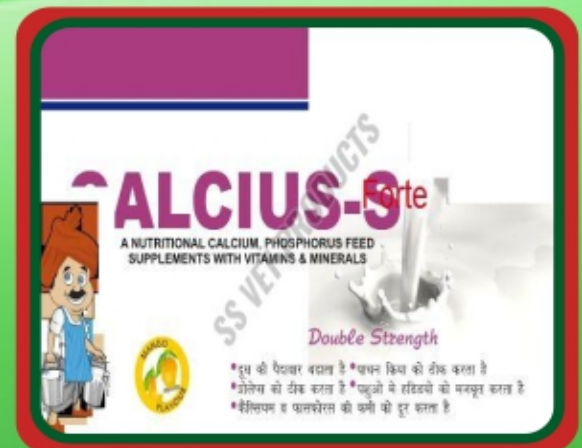

MILK GAINER AD3 GOLD comes with triple strength of Calcium & Phosphorus, enriched with vitamins, chelated minerals, dextrose, bioactive trace elements merged with the power of herbal galactagogues that increase milk yield without causing any side effects.

CALCIUS-D FORTE ANIMAL FEED SUPPLEMENT

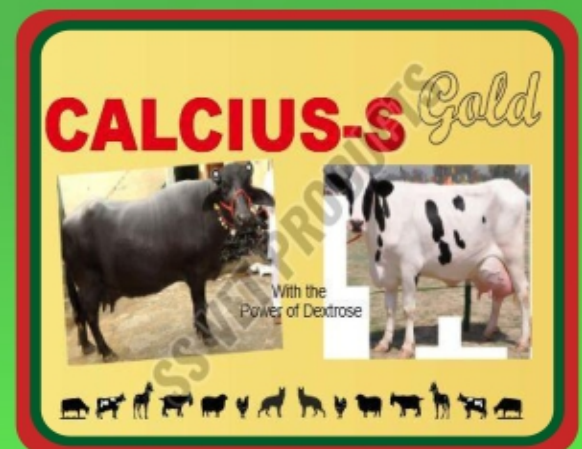

Lactating animals require higher quantity of Calcium and Phosphorus. Failure in providing these minerals in right ratio with optimum Vitamin D3 elevates the risk of abnormal bones, lowered milk yield and compromised immunity. To prevent such conditions, feed your animals with MILK GAINER AD3 STRONG.

Equipped with high concentration of Calcium and Vitamin D3, MILK GAINER AD3 STRONG is also rich in essential vitamins, minerals and herbal extracts for an overall bodily development. MILK GAINER AD3 STRONG specially curated for timely maturation of reproductive organs and fulfilling nutritional scarcity ensued by raised milk production capacity.

CALCIUS- S GOLD ANIMAL FEED SUPPLEMENT

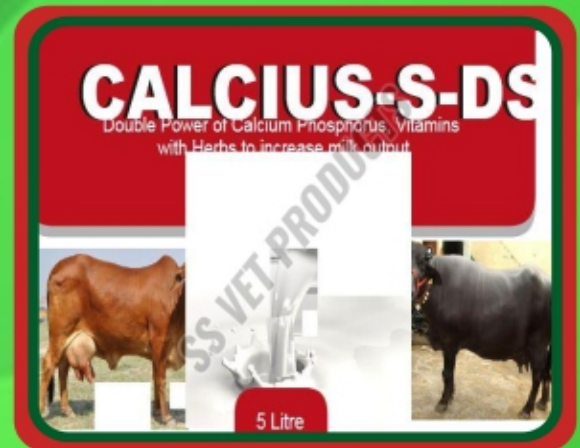

Business Type : Manufacturer,
Exporter, Supplier
Packaging Size : 5 Litre
Packaging Type : Bottle
Country of Origin : India

Country of Origin : India

DIGON ANIMAL FEED SUPPLEMENT

Business Type : Manufacturer,
Exporter, Supplier
Form : Powder
Packaging Type : Plastic Sachet
Packaging Size : 200 Gram

Our Product

ENS BOOSTER ANIMAL FEED SUPPLEMENT

Animals are most susceptible to becoming weak after giving birth due to extreme energy loss during parturition. If kept deprived of balanced and enriched diet, they will get prone to heavy weight loss, ketosis, low milk production and nutrient deficiency diseases.

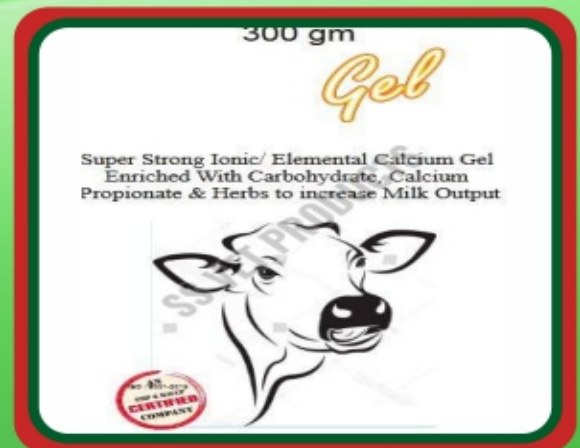

ENERMOST contains Gluconeogenic Precursors fortified with Vitamin A, D3, E, Nicotinamide, Biotin, Calcium Propionate, Calcium Lactate, Bio-active Chromium, Minerals & Amino Acid which together work wonders for animals with low energy levels by enhancing their performance and productivity.

ENS GEL ANIMAL FEED SUPPLEMENT

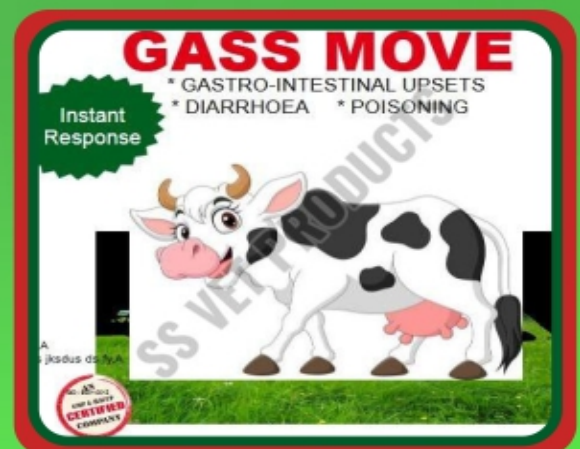

An animal feels the most vulnerable during pre-calving and post-calving phases. Both mother and calf can be at high risk of death if not provided with nutrition rich diet. MILK GAINER GEL is the right supplement to improve your animal's health leading to increased milk quantity.

MILK GAINER GEL is a super strong paste consisting of ionic Calcium, Phosphorus, Magnesium fortified with carbohydrates and galactagogues. These minerals and vitamins take care of nutritional fulfilment and herbal galactagogues increase milk quantity and facilitate its easy let down. Carbohydrates on top of it give the much-needed energy almost instantaneously to the animal.

GASS MOVE ANIMAL FEED SUPPLEMENT

Business Type	:	Manufacturer, Exporter, Supplier
Form	:	Liquid
Uses	:	Cattle Feed
Packaging Type	:	Bottle

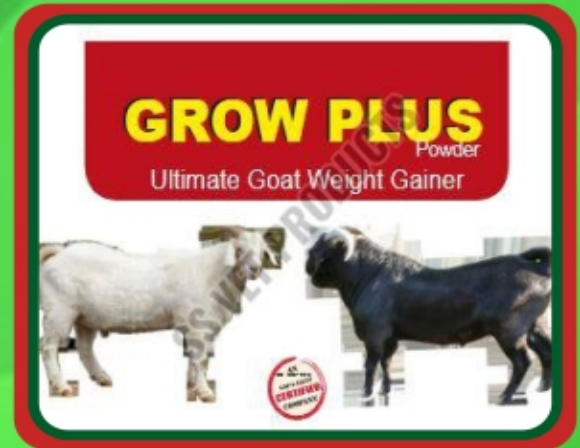

Our Product

GROW PLUS ANIMAL FEED SUPPLEMENT

Low fat percentage in diet has been reported to reduce the production capacity of animals. It is indeed the primary cause of retarded growth, rough hair coat, infertility and premature death. MAHAFAT Powder is a scientifically developed formulation targeting the weaker animals.

MAHAFAT consists of Bypass fat and Bypass protein which are rumen inert, meaning that they do not get degraded in rumen so that more metabolizable protein and fat are available for the cattle in the GI tract. Feed your animal with MAHAFAT powder to improve its body fat percentage, increase milk quality & quantity and diminish signs of debility.

LIV-FIT ANIMAL FEED SUPPLEMENT

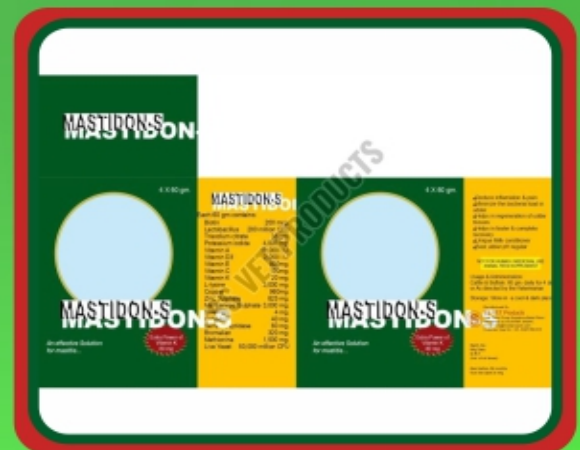

Supplementation of organic acids in feed has been found to improve the production parameters like body weight and feed conversion ratio (FCR) in broiler chicken. The improvement may be attributed to better utilization of nutrients resulting in increased body weight gain in the birds supplemented with organic acids in the feed.

ACIDOFIER is a balanced mixture of organic acids that prevent deterioration of feed from bacterial and fungal infections. Acidifiers work on the basic principle that the non-dissociated organic acids can penetrate the bacteria cell wall and destroy the normal physiological functions of pH sensitive bacteria. Thus, protecting the feed and ultimately the animals from infection and toxicosis. Adding to that, the organic acids in poultry also have a direct effect on the bacterial population of gastrointestinal tract (GIT).

MASTIDON-S ANIMAL FEED SUPPLEMENT

Business Type : Manufacturer,
Exporter, Supplier
Form : Powder
Packaging Type : Plastic Sachet
Packaging Size : 4 X 60 Gram
