Apex Industries is immersed in serving the Gujarat industrial space in Jamnagar. We are a noted manufacturer, supplier, and exporter of industrial screws. Clients get in touch with us for placing bulk orders for mild steel screws and brass screws. Made using the finest quality raw material, our screws are acknowledged for their durability, sturdiness, and pocket-friendly rates. Pre-established companies and small scale industries regularly approach us for buying mild steel and brass screws. We assure the best quality of our products at reasonable rates. Hence, feel free to get in touch with us for placing bulk orders or clearing any queries related to our products.

Apex Industries began its journey in 2017 in Jamnagar. The prime aim behind establishing the company was to provide ease to all clients who want to buy industrial screws of better quality at lower prices. We are backed by a diligent workforce. All are immersed in serving clients that turn to us. Owing to their consistency, we've been successful in carving out space for ourselves in the market.

The Manufacturing Unit & Teams

Ours is a commodious manufacturing unit. Equipped with the latest machinery, the raw material is processed in these machines for manufacturing outclass industrial mild steel and brass screws. The final products are stringently examined by the R&D bureau before being supplied and exported. Hence, stay assured of the best quality equipment at us.

Logistics

To deliver all orders on time, a professional logistics team is associated with us. Considering the location of the client, we choose the right medium of transportation for delivering industrial screws in bulk. We do not guarantee the timely delivery in case of any mechanical glitch with the vehicle. From our end, the orders are dispatched as soon as the payment/advance is received.

Choose Us

Clients turn to us because we provide the best of our commitment, have flexible payment policies, and zero additional fees apart from the applicable taxes. Hence, choosing us always proves to be beneficial for several clients.
