About Us

Narayan Fab And Forging Private Limited is a trusted manufacturer and supplier of high-quality forged engineering components, established in 2017 under the visionary leadership of Mr. Rajesh Sharma. Since inception, the company has been committed to delivering precision-forged solutions that meet stringent industrial and automotive standards.

We specialize in a wide range of forged engine components, driveline parts, gear components, rings & bearings, axle and hub parts, pipe flanges, mechanical forgings, and rigging hardware. Our extensive product portfolio includes crankshafts, connecting rods, yokes, spider crosses, gears, flanges, bearings, axle hubs, ball joints, and customized forged parts designed for durability, strength, and dimensional accuracy.

Backed by advanced forging infrastructure, skilled manpower, and strict quality control systems, we ensure superior material integrity, high load-bearing capacity, and long service life in every product. Our manufacturing processes are aligned with industry best practices to cater to automotive, industrial machinery, transmission, construction, and engineering sectors.

At Narayan Fab And Forging Private Limited, we focus on precision, reliability, and customer satisfaction, offering customized forging solutions, timely delivery, and competitive pricing. Our consistent quality and ethical business practices have helped us build long-term relationships with clients across domestic and international markets.

Manufacturers, Supplier

Number of Employees

100 to 150 People Approx

Year of Establishment

2017

Market Covered

Pan India

Name of Company Founder

Mr. Rajesh Sharma

GST No

06AAFCN5149K1Z7

Annual Turnover

Rs. 30 to 35 cr Approx.

**2 Cylinder Crankshaft
for Engine**

**3 Cylinder Crankshaft
for Engine**

**6 Cylinder Crankshaft
for Engine**

**Double Cylinder Crank
Shaft**

**Forged Crankshaft for
Engine**

**Incline 2 Connecting
Rod**

Incline Connecting Rod

**Incline Half Connecting
Rod**

**Integral Connecting
Rod**

Precision Clutch Fork

Precision Connecting Rod

Rubber Pedal Pad

Single Cylinder Crank Shaft

Single Cylinder Crankshaft for Engine

Straight Forged Connecting Rods

Double Yoke Assembly

Forged Spider Cross

Forged Trunion Shaft

Heavy Duty Big Yoke

Precision Forged Spider Cross

Precision Forged Yoke

Precision Trunion Pin

Tie Rod End Socket

Universal Joint Cross

Yoke Shaft Assembly

Forged Spur Gear

Precision Counter Gear

Precision Forged
Crown Wheel

Precision Forged
Spider Cross

Precision Sprocket
Wheel

Forged Thrust Bearing
Ring

Industrial Forging Steel
Ring

Forged Hub Flange

High Strength Stub
Axles

Forged Axle Hub

Forged Blind Flange

Forged Pipe Flanges

Forged Dead End Pin

Precision Arm Forging

Precision Ball Joints

Forged Anchor Shackle

Forged Socket Clevis

Forged Wire Rope
Clamp
