Supreme Shavers is the 4th largest manufacturer and largest private label manufacturer of Double Edge Blades and Disposable Shaving Razor in India. We believe in the delighting our customers by providing them quality, competitive prices, and customization. In a very short period of time Supreme Shavers have built their goodwill in both India and Overseas markets.

We aim to become the largest manufacturer of Blades and Razors in India and to achieve the vision we are continuously expanding our production line.

Supreme shavers, razors, and double edge blades are far less expensive and effective for all types of skins. They give you an effortless shaving experience and don't cause any type of irritation on the skin. Our firm takes pleasure in offering you standard quality based disposable and system razors and double edge blades at competitive prices. All our products are preceded by using the standard raw material and advanced machinery to offer excellent shaving experience to our consumers.

Our manufactured best razors with comfortable grip come with micro fins, which helps in stretching skin. In addition, they are durable and offer you a clean shave with less irritation. All the products we have manufactured as best for all types of skins. We keep the sensitive skin on the mind and manufacture razors and double edge blades with the standard raw material so that it will not cause any type of skin problems even on sensitive skin.

Supreme shavers believe in 100% consumers' satisfaction. And for that, we only opt for the finest quality based raw-material and pack the product in the tamper-proof packaging. We have made our name as the renowned razor manufacturer by offering the best razor for smooth shave experience to our consumers. All our finished razors, and double edges blades clear all the hairy areas of your face and their smooth functioning decreases the time that you usually spend while shaving.

We offer you disposal and system razors that are extremely good at speed and efficiency. If you want your face smooth and hassle free shaving experience, then feel free to contact us. We offer you smooth functioning based razors and double edge blades that easily slop on your shaving cream and clean the hairy areas effortlessly. We assure you that our manufactured razor doesn't cause a sight of blood if you use it carefully. Supreme shavers, razors, and double edge blades

are the best for the men who want to get a clean cut without experiencing skin problems. Currently we are selling our razors and double edge blades in more than seven countries and working hard to enhance our business model.

We are one of the renowned private label razor and double edge blades manufacturing companies. If you have the products related to our niche we can sell physically online. We also provide distributorship to our people who are willing to do business of selling razors and double edges blades.

Mission

We have to create innovative and high quality based razors and double edge blades which cater to the demands of our customers globally.

Vision

In the upcoming years we see our company as one of the best razor and double edge manufacturing, which will be known for its 100% customers' satisfaction and trustworthiness.

Why choose us?

Supreme shavers is one of the most renowned and reputed razor and double edge blades private leading manufacturing company. Here all the products are crafted by using standard quality based raw material. Before releasing products in the delivery line, we execute quality checks and provide products that offer exceptional shaving experience to our customers. All our products are high in quality and affordable in pricing.

We are trying to satisfy our customer with Focusing on quality and design of the product.
