EXIM SOURCING
INDIA

Exim Sourcing India is one of the most celebrated names in the market of Amritsar. We are actively engaged in manufacturing and supplying the best quality food products, industrial products, and construction products.

Exim Sourcing India is one of the most celebrated names in the market of Amritsar. We are actively engaged in manufacturing and supplying the best quality food products, industrial products, and construction products. Our list of food products includes multigrain wheat flour, soya chunks, organic jaggery, gur pare, shakkar pare, peanut kernels, and many more. The food products that we make available are known for their great taste. We provide various industrial products such as bicycle spare parts, truck spare parts, truck tyres, sports bicycle, cutting tools, etc. These industrial products are manufactured using the most advanced components and tools. Our industrial products are largely appreciated for their supreme quality, fine performance and long service life. Moreover, our specialization in offering the finest quality construction products has made us more popular in the industry. Our list of construction products comprises ceramic tiles, marble slabs, ply boards, and tile adhesive. These construction products are widely used in different construction applications. Our industrial and construction products are available in different specifications & sizes and our food products can be availed in different packaging sizes as well. Place your orders now and purchase our products at the most affordable prices.

Exim Sourcing India is an Amritsar (Punjab, India) based company, which is operating in the industry since 2015. Under the headship of experienced mentors, the company has managed to gain a sizeable clientele all over Amritsar in a short time.

Our Team

To handle all our company operations with the utmost professionalism, we have hired a reliable team of dedicated, skilled and diligent professionals. These professionals have worked in this domain for many years and are experienced enough to execute these operations professionally.

Packaging

We make use of the most advanced and high-grade packaging materials to pack our products. This packaging keeps intact the freshness of our food products and allows our construction and industrial products to stay in their exact conditions.
