About Us

KALYANI
MATERIALS AND CO

Introduced in the market in the year 2011, Kalyani Materials and Co is a name that has earned the respect, goodwill, and trust of its customers and competitors alike. The founders, Mr. Vinoth Kumar & Mr. Ashwin through their dedication, hard work, and visionary approach turned the company into one of the most popular and trusted brands in the national as well as international markets.

The company manufactures and supplies products of world-class quality that are way ahead of other brands in terms of material, designs, durability, efficiency, etc. Each of our products is created with utmost care with the aim of providing nothing but the best to our customers. Currently, we are offering products like blister lunch boxes, classic ball pens, PVC cling films, cake baseboards, biodegradable carry bags, compostable garbage bags, plastic spoons, wooden spoons, biohazard garbage bags, packaging products, broomsticks, cutlery sets, bike delivery boxes, fingertip pulse oximeters, corn starch products including corn starch bowls, trays, plates, clamshell, etc., cotton kitchen cloths, pencils, liquid cleaners, aluminum foils, areca leaf products, plastic containers, paper products, bagasse products, meal trays, aluminum containers, plastic glass, plastic buckets, and many more. We constantly work towards adding new products to our product line.

We have a fully advanced infrastructure that is armed with all the necessary facilities and high-tech machinery. To get the best possible operational efficiency, we have divided our infrastructure into several sections and streamlined our operations. Our infrastructure consists of a manufacturing department, quality assurance department, administration department, and logistics department which function efficiently to achieve our business targets.

Our company is powered by a team of qualified and diligent employees who imitate the excellent knowledge of this industry and work with respect to attain the highest level of customer satisfaction. This hard-working workforce makes full use of our resources and advanced technology to provide a commendable range of quality products within the promised time.
