

SriSelvalakshmi

Welcome to SriSelvalakshmi Group

www.sriselvalakshmi.in

Established in the year 1980, Sri Selvalakshmi Feeds & Farms is located in Tamil Nadu, India. Mr.R. Nagarajan (Chairman) and Mr.N. Dinesh Kumar (Managing Director) have contributed significantly to make this company a success. We have been efficiently and smoothly managing various activities like Farming, Feed manufacturing, Egg Distributing and Marketing and Culls Distributing and Marketing.

Poultry House :

To bring out the best Poultry Products we have a well-maintained poultry house for the rearing and processing of birds. We use the latest Housing Equipment like drinkers, perches, feeders and laying nests. The sheds have been replaced by the cages having automatic feeding and nipple drinking system. We have specifically appointed quality auditors to make sure that the farm is properly ventilated and is cleaned using pressure washer. We wash all the equipment with a disinfectant for proper hygiene.

Quality Assurance :

We serve our customers with the best poultry products and we are counted among the most preferred poultries in Tamil Nadu. We see to it that the birds in our farm are well fed. We feed our birds with Maize, Jowar, Bajra, Broken Rice, Soya DOC, SF DOC, Rapeseed DOC, DORB, Calcite Stone and other minerals & vitamins. We feed the chickens with feeds that are free from chemical and antibiotic residues and are 100% organic. We thereby provide healthy Organic Eggs to our customers. Our Testing and R&D facilities are segregated to bring the best Poultry Products to our customers.

Our Networks:

With our Optimum quality Poultry Products, we have successfully covered Indian and International markets. The markets that we have covered include Oman, Malaysia, Sri Lanka, Andaman, Muscat, Mauritius, Maldives, Arabia, South Africa, and Kuwait. Over the years, we have successfully created a strong and healthy relation with our customers.

Live Hens

We are one of the leading Manufacturers, Exporters and Suppliers of Live Hens in Namakkal, Tamil Nadu. We provide healthy Live Hens who have good egg laying capacity. We have installed the latest Housing Equipment like drinkers, perches, feeders and laying nests to keep Hens healthy. We have arranged for hygienic conditions for our hens. We also have automatic feeding and nipple systems. Buyers can acquire Live Hens from us at market-leading prices.

Poultry Feeds

Poultry Feeds that we offer are free from any kind of harmful chemical residues. We only deal in Poultry Feeds that are healthy and have high nutritional value. Our Poultry Feeds help birds to grow well and prevent them from severe diseases. We use high-grade packaging material in order to increase their shelf life. Our Poultry Feeds are available in different quantities according to the requirement of buyers.

Poultry Manure

Poultry Manure that we offer is free from all kinds of chemicals, adulterants and antibiotics. We are counted among the top companies, which are engaged in manufacturing, exporting and supplying Poultry Manure. We are efficient enough to process retail as well as bulk orders for Poultry Manure even at short notice period. It can be obtained from us at a very reasonable price.

Manure

- A good soil amendment, chicken manure adds organic matter and increases the water holding capacity and beneficial biota in soil.
- A good fertilizer; chicken manure provides Nitrogen, Phosphorus and Potassium to your plants (more than horse, cow or steer manure).
- No chemicals added
- No adulteration
- No antibiotics

Poultry Eggs

Poultry Eggs that we offer are gaining high popularity due to their high nutritional content and longer shelf life. We are named among the renowned Manufacturers, Exporters and Suppliers of Poultry Eggs. We use high quality packaging material to pack these eggs so as to ensure their safety during transit. We have the capability to deliver retail as well as bulk orders for Poultry Eggs on time.

Poultry White Eggs

White Eggs are prized as a source of low-fat, high-protein nutrition. Chicken egg white is about two-thirds of the total egg's weight out of its shell, with nearly 92% of that weight coming from water. The remaining weight of the egg white comes from protein, trace minerals, fatty material, vitamins, and glucose.

Poultry Organic Eggs (Residues Free)

We are among the best Organic Eggs supplier in Tamil Nadu and throughout India. The Poultry Organic Eggs (antibiotic residues free) that we supply come from chickens that are given 100 percent organic feed which are chemical and antibiotic-residue-free. Our Poultry Organic Eggs are without any antibiotics or animal source of food such as fish meal, meat, animal oils and bone meals. These eggs contain essential amino acids, vitamins and minerals that are needed to keep you healthy. The chickens are not treated with hormones, antibiotics or other pharmaceuticals. As a Poultry Organic Egg supplier, we do not use harmful pesticides in food (feed production process) production that cause diseases like cancer, skin irritations, nervous system disruption or hormonal imbalance in humans. Our superior quality Poultry Organic Eggs make us among the leading Organic Eggs' exporters in India
