

We, Sri Sathya Sai Gokulam Dairy Products Private Limited, are a Mysore, Karnataka (India) based company that gives a diverse range of products such as Pure Desi Ghee, Normal Ghee, Premium Quality Milk Powder, and UHT milk.

ABOUT US

We, **Sri Sathya Sai Gokulam Dairy Products Private Limited**, are a Mysore, Karnataka (India) based company that gives a diverse range of products such as Pure Desi Ghee, Normal Ghee, Premium Quality Milk Powder, and UHT milk. In the year 2012, we initiated our business to become renowned as a manufacturer who is renowned for its reliability and the quality of service it gives. The prime reason behind the wonderful success we have achieved is our team which has been assisting us since the starting of our journey.

Factory & Infrastructure

Our infrastructure covers about three acres of land. Our factory can produce five tons of ghee and 15 tons of milk powder per day. We have personalized production services with a high-quality testing lab.

Therefore, our constant focus is on the production and distribution of its top-quality milk and milk products. We also look to empower farmers and the economies of the villages close by generating employment opportunities and working a local procurement policy as quickly as possible.

Our Director **PRASHANTH H N** has guided us to be able to reach new heights of success. His skill, knowledge, and complete dedication assist us in answering the requirements of the clients. Sri Sathya Sai Gokulam Dairy Products have experience of 9 years in milk product production. We have the Quality Certification NABL that assures good quality.
