# ABOUT US

Hi-Tech Medicare Devices Private Limited, established in 1998, is a leading manufacturer and exporter of high-quality medical devices and healthcare solutions. With more than two decades of industry expertise, we have earned a strong reputation for delivering reliable, innovative, and internationally compliant medical products that cater to the evolving needs of healthcare professionals and institutions worldwide.

Headquartered in India, we specialize in the manufacturing of a comprehensive range of disposable medical devices designed for critical care, surgical procedures, infusion therapy, urology, and patient management applications. Our unwavering commitment to quality and safety is reflected in our adherence to stringent international standards and certifications, including ISO and WHO-GMP, ensuring consistent product excellence and regulatory compliance.

Our state-of-the-art manufacturing facilities are equipped with advanced technology, modern production systems, and rigorous quality control processes. Every product undergoes thorough inspection and testing to ensure superior performance, sterility, reliability, and patient safety. Our robust quality management system enables us to maintain high production capacities while consistently meeting global healthcare requirements.

Over the years, Hi-Tech Medicare Devices Private Limited has established a strong presence in both domestic and international markets. We proudly serve hospitals, healthcare institutions, distributors, government organizations, and medical procurement agencies across numerous countries in Palestine, Africa, Asia, Europe, and South America. Our export network spans countries including Uganda, Rwanda, Burundi, Guinea, Togo, Benin, Mali, Cameroon, Republic of the Congo, Zambia, Malawi, Mozambique, Zimbabwe, Angola, South Sudan, Somalia, Libya, Botswana, Namibia, Kenya, Liberia, Sierra Leone, Chad, and Central African Republic. In Asia, we cater to healthcare markets in Afghanistan, Bhutan, Cambodia, Myanmar, Nepal, Tajikistan, Turkmenistan, Kyrgyzstan, Uzbekistan, Iraq, Syria, Indonesia, and Philippines.
