## KISAN PASHU AAHAR

### Nourishing Livestock & Empowering Farmers

Founded in 1994, KISAN FODDER MILLS PVT LIMITED is a trusted name in the cattle feed industry, known for delivering scientifically formulated, nutrient-rich, and cost-effective feed solutions to dairy farmers, livestock owners, and agribusinesses across the Country. We have developed a wide range of feed products that cater to the specific needs of different livestock species such as Cows, Buffalo and Calf.

At our core, we believe that healthy cattle are the foundation of a successful farm. That's why every batch of feed we produce is crafted with precision, backed by research, and tested for quality – to help you raise healthier animals, improve milk productions, S.N.F (Sold Not Fat), Corrected Milk fat and boost your profitability.

Each product is developed in collaboration with veterinary nutritionists and animal health professionals. Whether you need feed for dairy cows, buffaloes, calves, or custom formulations, we ensure the right balance of protein, energy, fibre, vitamins, and minerals in every mix. It gradually increases milk yield without causing stress to the cow. These feeds are prepared according to the standards given by B.I.S with I.S.I. TYPE I & II Feed quality. Our R&D team also keeps pace with the latest advancements in animal nutrition to continuously improve our feed offerings.

### Manufacturing Excellence

Our manufacturing units, are equipped with modern machinery, automated blending, batching, rigorous quality control labs, pelletizing systems that ensure consistent quality in every batch of cattle feed. From raw material intake to final packaging, every step is carefully monitored to maintain hygiene, nutritional accuracy, and safety. We source high-quality, non-GMO raw materials directly from trusted suppliers, and all production processes are supervised by trained nutritionists and feed experts. With a monthly production capacity of 22,000+ metric tons and a reliable supply chain, KISAN PASHU AAHAR is committed to delivering quality feed that boosts livestock health, milk yield, and your overall farm productivity.
