SHASHI PLASTIC INDUSTRIES is an esteemed organization from Jaipur (Rajasthan) that excels in the production and trade of MDPE pipes. The company is known as a successful manufacturer and supplier of superior quality MDPE pipes, which we manufacture in three different sizes viz., 20 mm, 25 mm, and 32 mm. We make use of high-quality medium-density polyethylene material in the production of these pipes. All our pipes are eco-friendly, as they are made with medium-density polyethylene material, which is recyclable. Our products are highly admired and appreciated across the domestic markets.

Right after marking its foray in the **MDPE PIPES** manufacturing business, Shashi Plastic Industries has started receiving a good response from the market. The company came into being in the year 1997 when an enterprising professional i.e. Mr. Anil Khoriya (Director) laid organization's foundation stone at Jaipur (Rajasthan).

INFRASTRUCTURE

We have a large infrastructure, which is spread over a sprawling land area in Rajasthan. We make sure that MDPE pipes manufactured by us comply with the laid standards and guidelines. We use the advanced technology for the production of MDPE pipes. We make sure that the production process is carried out in accordance with the set industrial standards.

WHY US

With a vast experience in the domain of manufacturing and trading, we have been catering to small and massive product demands of the buyers with utmost ease. Being a client-centric firm, we facilitate clients to pay through different modes – offline and online. Besides, we ensure that our offerings are delivered to the client's place within the promised timeline.
