

# Suraj Industries

Established in the year 2015, Suraj Industries is based in Ahmedabad, Gujarat. Our company is the leading manufacturer, supplier and exporter of agglomerator machine, plastic granules making machine, plastic granules mixing machine and plastic scrap grinding machine.

Established in the year 2015, **SURAJ INDUSTRIES** is based in Ahmedabad, Gujarat. Our company is the leading manufacturer, supplier and exporter of agglomerator machine, plastic granules making machine, plastic granules mixing machine and plastic scrap grinding machine. Our offered machines are of high quality and made with quality components. We have always attempted hard to deliver high-grade machines which can work according to the requirements of the clients and customers. Further, our offered machines can efficiently reduce the plastic waste burden which would otherwise create a big pollution problem. Adding to this we offer machines that are very much needed in the plastic products and utensils making companies.

## **WHY CHOOSE US?**

Our infrastructure facility is big and spacious to accommodate the latest machines which are needed to manufacture the machines. We have carefully divided our infrastructure facility into the manufacturing unit, the quality testing unit, the warehousing unit and the logistics department. Our manufacturing unit is well-equipped with the advanced machines and technology which we use for production. We have amazing staff members who are very supportive, helpful and have skill and knowledge about this machine. They ensure that the products are made with perfection and have no defect or error. All the machines that we supply to our customers are quality tested before they are supplied. We make sure that our product can work well in every situation and meets the expectation of our customers and clients.

**Suraj Industries**

**OUR PRODUCTS**

## PLASTIC PROCESSING MACHINE

Plastic  
Granule  
Machines

Pulverizer  
Machine

Scrap  
Grinder

Agglomerator  
Machine

## PLASTIC PROCESSING MACHINE

Plastic  
Granule  
Machines

Type	Plastic Granule Machines
Color	Light White
Voltage	220V
Condition	New
Automatic Grade	Automatic
Driven Type	Electric
Country of Origin	India
Warrenty	1 Year
Use	Making Plastic Granules
Frequency	50-60 Hz
Body Material	MS

## PLASTIC PROCESSING MACHINE

Pulverizer  
Machine

Type	Pulverizer Machine
Application	For Pulverizing
Color	Light White
Voltage	220V
Condition	New
Automatic Grade	Automatic
Power	15-50 KW
Driven Type	Electric
Country of Origin	India
Brand Name	SURAJ
Warranty	1year

## PLASTIC PROCESSING MACHINE

Scrap  
Grinder

Type	Plastic Scrap Grinder Machine, Scrap Grinder
Application	Grinding Plastic Scrap
Color	Light White
Voltage	220V
Condition	New
Automatic Grade	Automatic
Power	5-40 KW
Driven Type	Electric
Warranty	1year
Country of Origin	India
Surface	Polished

Agglomerator  
Machine

Type	Agglomerator
Color	Light White
Voltage	220V
Condition	New
Automatic Grade	Automatic
Power	15-50 KW
Driven Type	Electric
Warranty	1yrs
Country of Origin	India
