

SLC International Trade

The company serves as a phenomenal supplier and exporter of top-class dehydrated vegetables, agro products, Indian sugar, and flour.

ABOUT US

Operating in the industry of Hyderabad (Telangana, India) for more than a decade, **SLC International Trade** has become a brand now. The company serves as a phenomenal supplier and exporter of top-class dehydrated vegetables, agro products, Indian sugar, and flour. We provide different agro products such as fresh vegetables, Indian rice, and Indian pulses. The agro products that we make available are fresh and known for their high nutritional content. We also make available various dehydrated vegetables like dehydrated ginger and dehydrated onion flakes. Our dehydrated vegetables are naturally grown without the use of harmful chemicals at our vendor's end. These products are available in most advanced packaging materials. To know more about us and purchase our products, dial our numbers now.

SLC International Trade has started its trade operations in the year 2009. Mr. Anand Kumar is the company director, who has always supported the company in the right direction to achieve success.

Why Choose Us?

Working in the industry for than a decade now, we have been able to provide complete transparency during all our transactions with the clients. We are instrumental in packing our products in tamper proof and best quality packaging to maintain the best properties of these products for a long period of time. As a matter of fact, we have also gained a decent clientele in the city in a quick time.
