## About Us

Suman Enterprises was founded in 2019 and launched its business in Jaunpur, Uttar Pradesh, as a provider and trader of garage equipment, an automobile washing system, and other items.

We have a long history of working with the automotive industry and employ some of the most skilled individuals for the delivery of garage equipment. The products we offer are made at our advanced production facility under the tight supervision of deft specialists utilising premium quality materials and cutting-edge technology in accordance with industry quality standards.

### QUALITY:

We have committed to offering consumers a full line of equipment that meets or exceeds their requirements in terms of quality, price, and delivery. This is accomplished through targeted execution backed by reliable quality control procedures and systems that adhere to global standards and methodology. Before beginning manufacturing, our technicians and supervisor check the quality of the work and material.

### TEAM:

We employ one of the most skilled teams of workers in the automotive repair industry. We have received praise for our team in the domestic markets. They have assisted us in lowering the cost of production without sacrificing the quality of the goods in this era of intense price and quality competition.

They effectively combined their years of expertise and cutting-edge equipment to provide the greatest products in the sector. We have been able to completely satisfy our clients thanks to their time before- and after-sale services.
