Shri Exports – The leather goods and items manufacturer and Exporter from India.

Having people with experience of above 25 years in this field has given us the depth whereas freshets with a desire to prove their mettle have given us the extra edge.

A glance of our core principles

- Produce Quality products.
- Provide personalized and specialized services.
- Time bound processes.
- To deliver and produce environment friendly products.
- To make our presence felt in the domestic and international markets.
- Have satisfied clients and customers.
- Be a professionally managed organization.

We are an organization involved in production and exports of finished leather items like purses, wallets, handbags, belts, briefcases etc. We have developed a very vast client base in a short span of time because we believe in quality. Quality in products and prices enhanced with personalized services are the very base of our organization.

Our team comprises of a perfect blend of expertise and enthusiasm. A team of thorough professionals who yearn to deliver the best manages us. Having people with experience of above 25 years in this field has given us the depth whereas freshets with a desire to prove their mettle have given us the extra edge.
