The Best Quality

We founded Giva Agro out of pure passion for farmers and to motivate them towards traditional way of farming. Our goals, ambitions and inspirations have come together to form a truly amazing company. Working alongside the government, we have a growing base of farmers cultivating a huge range of Himalayan agro-products. We are proud member of Indian Chamber of Commerce and Agriculture Export Development Authority of India.

www.givaagro.in

Giva Agro is an ISO 9001 certified company working with the government, for upliftment of the farmers. We are based out of Uttarakhand, INDIA, a state located in the foothills of the Himalayas. We deal in bulk orders for Himalaya agro-produce within India and overseas.

We started our operations with a fully mechanized Mushroom Plant in 2018 in Tehri, Uttarakhand, which is a all Women run setup. Since then, Giva Agro is working on re-populating the rural areas, providing people with a sustainable livelihood near their native place. Ghost villages is a major issue in the hilly regions of Uttarakhand due to lack of basic facilities and no means of income to improve them. Working with the government, Giva Agro motivates farmers not to abandon their lands, train them to practice traditional ways of cultivation, and get a fair price for their produce.

We have entered international market, putting our farmers on the world map. With a growing infrastructure we can cater to all your requirements of Himalayan pulses, spices, millets etc ensuring quality.

Product Quality Management

Giva Agro is an ISO 9001 certified company and also partners with centrally located warehousing firms adhering to International Standards, ensuring Quality and swift movement of Goods in the international market.
