ABOUT US

Facilitating world class products and services since 1935, Promois is one of the world's largest manufacturer, exporter and supplier that produce the most effective feed supplements to enhance the overall nutritional value of poultry feed like Choline Chloride, Toxin Binder, Chlortetracycline (CTC), Enzymes, Acidifiers, etc.

Facilitating world class products and services since 1935, Promois is one of the world's largest manufacturer, exporter and supplier that produce the most effective feed supplements to enhance the overall nutritional value of poultry feed like Choline Chloride, Toxin Binder, Chlortetracycline (CTC), Enzymes, Acidifiers, etc. Situated in Kanpur (Uttar Pradesh, India), we also specialise in all essential vitamins like Vitamin-A, Vitamin-D, Vitamin-AD2, Vitamin-AD3, Vitamin-E etc., helping poultry feed millers improve their feed formulation.

Emerging as a global leader in the past decades, we are also offering innovative bio-chemical solutions in the areas related to cosmetic chemicals and personal care chemicals. Leveraging on our advanced facilities with numerous joint ventures, we focus on developing and commercializing cost-effective products by enhancing the value and reducing poultry feed price per kg. Thus, we are contributing to growth and overall health while staying in line with the highest standards of quality and safety.

To ensure this, we operate with strong R&D that collaborate with international pharmaceutical and poultry feed companies in India to provide clinical research services. Our company has also contributed to the production of many antibodies and other quality molecules in the pharmaceutical value chain by constantly improving in this domain. Due to our extensive research and development, we are in a position to test and store the products in bulk to ensure maximum customer satisfaction.

Under the proficient guidance of our Director Mr. Prashant, we look forward to making animal feed and poultry farming a promising future and offering quality solutions affordable so users can find poultry feed wholesale price the lowest. With his experience and value added policies, our dedicated team focuses on both Indian domestic and international markets that spans over 100 countries, including Russia, China, India, Kazakhstan, Saudi Arabia, Indonesia, Georgia, Turkey, Spain, Belarus, Ukraine, Madagascar, South Africa, Mexico, Peru, etc.

Why Us?

- We provide best in class, extensively researched products
- 24x7 Customer Support to solve any query
- Real time order and shipment notification
- Best in class packaging for all weather and safety conditions
- Most competitive pricing in the animal health, amino acids and cosmetic chemical industry

Country of Origin India

Speaciality Improves Reproduction Efficacy, Improves Health, No Side Effect, Longer Shelf Life, Effectiveness

Packaging Size 1Kg, 2Kg, 3Kg, 4Kg, 5Kg, 25 Kg

Packaging Type PP Bag, PU Insulated Box And Custom Packaging Boxes

L LYSINE HCL POWDER

Business Type	Manufacturer, Exporter, Supplier
---------------	----------------------------------

Color	White
-------	-------

State	Powder
-------	--------

Purity	99.99 %
--------	---------

Appearance	Colorless To White Columnar Crystal
------------	-------------------------------------

Packaging Type	Plastic Sack
----------------	--------------

L- THREONINE POWDER

Business Type Manufacturer, Exporter, Supplier

Type Amino Acid Powder

Application Threonine Is Changed In The Body To A Chemical Called Glycine. Glycine Works In The Brain To Reduce

Color White

Purity 98%

Form Powder

TOXIN BINDER POWDER

Business Type	Manufacturer, Exporter, Supplier
---------------	----------------------------------

Shelf Life	1 Year
------------	--------

Grade Standard	Feed Grade
----------------	------------

Color	Brown
-------	-------

Form	Powder
------	--------

Certification	Yes
---------------	-----

POULTRY MULTI ENZYME

Business Type	Manufacturer, Exporter, Supplier
---------------	----------------------------------

Type	Feed Enzyme, Poultry Products
------	-------------------------------

Certification	Yes
---------------	-----

Application	Poultry & Livestock
-------------	---------------------

Shelf Life	1 Yr
------------	------

Form	Powder
------	--------
