Established in 2021 and led by Mr. Piyush Bhakta, Aum Agri Solutions is a new age company in Surat (Gujarat). We are serving as a manufacturer and supplier of organic products like sunflower seeds, vermicompost fertilizer, organic manure, and bio fertilizer. All these products are manufactured using natural components of the highest class. The raw material for these items is procured by different licensed vendors operating in the markets of Surat and other cities of Gujarat. The immaculate production of organic products has uplifted our stature in the market.

Aum Agri Solutions is backed by a diligent staff. We have different teams headed by proficient managers. Owing to their consistency in the field, we've successfully mustered a lot of clients across Surat. We are visionary and have an aim to accomplish an international clientele in the near future.

Distribution

The sunflower seeds, vermicompost fertilizer, organic manure, and bio fertilizer are distributed all over Gujarat. For this, our teams have maintained harmonious relationships with different licensed distributors. This helps us in providing the best organic products to our clients easily.

Logistics

The dedicated logistics department associated with us leaves no stone unturned in delivering all orders on time. With their dedication, our list of delighted clients is increasing consistently.

Why Us?

People choose us because :

- Reliable products
