# ABOUT US

Khatri Enterprises owned and managed by Mr. Khatri is a based in Sonipat, Haryana in the northern part of India. The company is into manufacturing and supplying of various kinds of machineries. They are a wholesaler as well as a trading company.

## MACHINES WE PRODUCE

With modern amenities becoming the favourite of human beings we all love to use latest products. Unlike the ancient days when babies and women used cloth to serve their various purposes, today we have refused those. With awareness in health and hygiene becoming of prime importance, the need for baby diapers and sanitary napkins are the need of the day. Our business house has come up with the latest and modern state of the art machines to help in the manufacture of these necessary items. Against order we can serve our customers with machines according to their needs and purposes making it tailor-made.

We not only manufacture the above mentioned machines we also make PVC pipe making machine and various kinds of sack making, cement bag cutting and sewing machines also. Our range of products is varied and multipurpose. All you have to do is contact us.

## CRAFTED WITH CARE

Our customers and beneficiaries can be assured with the quality of our products. All our machines are automatic and latest by nature. There is no need to look back once our machines are installed at your plants. We are equipped to provide with capable mechanics and operators to set up the machinery at your plant. We at Khatri Enterprise do not believe in disappointing our patrons
