# About us :

Founded in 1989

F&F International was built on the vision to provide goodness of nature by developing high quality products with no fillers, additives, bases, alcohols. The first offering of F&F International included mint products like menthol and other allied products in 1989, since that time our product offering has added many more oils and aromatic herbs & spices. F&F International has industry excellence in manufacturing, wholesale, and export quality products, embellished by two decades experience in essential oils.

# Our Commitments

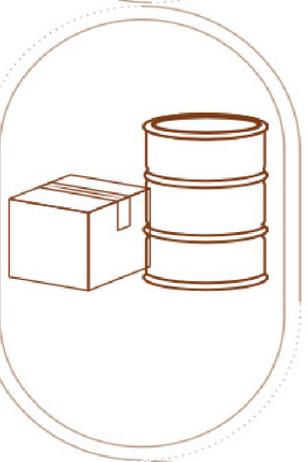

## Ethical Sourcing

Our products are derived from nature in a responsible way and are sourced from our farmers and suppliers who harvest the ingredients naturally and sustainably.

## Customizable Packaging

Proper packaging is critical for essential oils, to prevent any kind of spoilage or any form of changes. We can provide packaging like Fiber box, HDP Drums/Cans, GI Drums/Cans, Aluminium Bottles or 25 kg cans

## Purity + Quality

We compliance with WHO GMP & ISO standard's requirements. We deliver high-quality essential oils with no fillers, additives, bases, alcohol or other carriers.
