ABOUT US

Established in the year 2016 at Pune, Maharashtra, “**Anjani Fabrication & Engineering Work**” is a Sole Proprietorship (Individual) based firm, engaged as the leading service provider of fabrication service in making grills, railing, door etc. Making shipment within the specified time frame is the vivacious factor that allows us positioning a distinguished niche in the industry. Presently, we are in a relationship with most of the valuable clients of the industry to progress a niche market for ourselves.

Under the guidance of our Visionary Company Founder, Mr Yogesh Dumdev Narnavre, we have reached a coveted position in the market. We have been working professionally and winning the hearts of our clients due to our moral business practices.

Our Infrastructure

Our infrastructural base is enormous and strong, facilitated with the latest machinery which supports us in the business operations. To have a smooth resistor over business operations, we have divided this unit into numerous departments such as the quality department, warehousing department, packing department, R&D, and logistics department. These sections are managed by our exceptionally diligent professionals.

Why Us?

Owing to our client-centric tactic, expert team of professionals and clear dealings, we have been able to reach a huge client base.

We have got the advantage over other market players due to the following reasons stated below:

- Easy payment modes
- Reasonable prices
- Competent and efficient team
- Transparency in dealings
- Vast industry experience
