# About Us

Established in the year 2019, we at Devanshu Pharma working as a manufacturer and supplier of a variety of pharmaceutical products which includes Pharmaceutical Suspension, Pharmaceutical Solutions, Ceftriaxone for Injection IP, Levosalbutamol And Ipratropium Bromide Respirator Solution, Omeprazole Capsules IP, Aceclofenac And Paracetamol Tablets, Ketoconazole Cream, etc. The unique range of our products is prepared from the best material in the market, which is the reason why more customers indulge in conducting business with our company. We aim to increase our capabilities even more in the future, and are also working tirelessly as a third party manufacturer with this goal in mind.

## OUR INFRASTRUCTURE

Our manufacturing unit based in Pune in Maharashtra is a world-class unit with the latest infrastructure that aids us in manufacturing world-class items too. We assure you of our unmatched and unparalleled quality that cannot be replicated by anyone. You can trust us to supply you with premium quality products that you can blindly trust.

## OUR SUCCESS

The company has been functioning successfully under the headship of our founder and CEO, Mr Nilesh Bhalchandra Nerkar since we embarked on our journey that is ridden with success. And we attribute this success to our team members who manufacture only quality items that are passed through stringent quality control measures before they are sent to the market.

## WHY CHOOSE US?

The requirement of pharmaceutical products in the market is always increasing. Analysis of high demand compelled us, Devanshu Pharma, to launch our company in the medical field. According to deep research of the industry, we produce our pharmaceutical products including Ketoconazole Cream, Omeprazole Capsules IP, Ceftriaxone for Injection IP, Aceclofenac And Paracetamol Tablets, Levosalbutamol And Ipratropium Bromide Respirator Solution, etc. All of our products are clinically prepared, considering the highest industrial standards and well-tested at our world-class facility before being delivered to our valuable clients. Furthermore, our products are already becoming popular in the market and our goal is that they reach out to even more people.
