We, Ushma Engineers are a prominent manufacturer and retailer of load cell Blocks, specializing in precision measurement and sensing solutions. With a strong focus on quality, accuracy, and customer satisfaction, we have earned a reputation as a trusted provider in the industry. Our comprehensive range of load cell blocks caters to diverse applications, and our commitment to innovation and excellence sets us apart from the competition.

Mission

Our mission is to design, manufacture, and deliver advanced load cell Blocks that meet the demanding requirements of various industries. We aim to provide our customers with reliable and accurate measurement solutions that optimize their processes, enhance safety, and improve overall efficiency. Through continuous research, development, and customer collaboration, we strive to stay ahead in the field of load cell blocks technology.

Product Range

We offer an extensive range of load cell blocks designed to suit a wide variety of applications and industry sectors. Our product portfolio includes Weigh Bridge Load Cell Blocks , Shear Beam Load Cell Blocks, S Type Load Cell Blocks etc.

Why us?

As a leading manufacturer and retailer of load cell Blocks, we are committed to providing high-quality, accurate, and reliable measurement solutions to industries worldwide. With our extensive range of load cell Blocks , personalized customer service, and commitment to innovation, we strive to be the preferred choice for businesses seeking precise measurement and sensing solutions.

Clientele : Sentire Technologies , Mark sensor , GJ Impex , Orion Automation , Alutronic Industries.

Nature of Business

Manufacturers, Wholesaler, Retailer

Number of Employees

Upto 25

Year of Establishment

1982

Market Covered

India

Name of Founder

Mr. Hemang Shah

GST No

24BQYPS9026D1ZB

Annual Turnover

Rs. 0.5 to 2.5 Crore Approx.

Legal Status of Firm

Partnership

WHY US?

As a leading manufacturer and retailer of load cell Blocks, Our main mission is to provide accurately machined and finished load cell blocks to load cell manufacturers in the global market to make an impact on their mass production and give boost in their productivity. Load cell blocks are actually Precisely Machined and finished electronically plated Load cell blocks without any electronic works to be done With our extensive range of load cell Blocks , personalized customer service, and commitment to innovation, we strive to be the preferred choice for businesses seeking precise measurement and sensing solutions.

MISSION

Our mission is to design, manufacture, and deliver advanced load cell Blocks that meet the demanding requirements of various industries. We aim to provide our customers with reliable and accurate measurement solutions that optimize their processes, enhance safety, and improve overall efficiency.

PRODUCT RANGE

We offer an extensive range of load cell Blocks designed to suit a wide variety of applications and industry sectors. Our product portfolio includes Weigh Bridge Load Cell Blocks, Shear Beam Load Cell Blocks, S Type Load Cell Blocks etc.

Weigh Bridge Load Cell Blocks

Product Details

Business Type	Manufacturer, Supplier, Retailer, Wholesaler
Material	EN19/ AISI 4140 and Stainless Steel
Application	Industrial Use
Power Source	Electric
Location	Anywhere in India
Rated Load	100kg
Automation Grade	Automatic

Shear Beam Load Cell Blocks

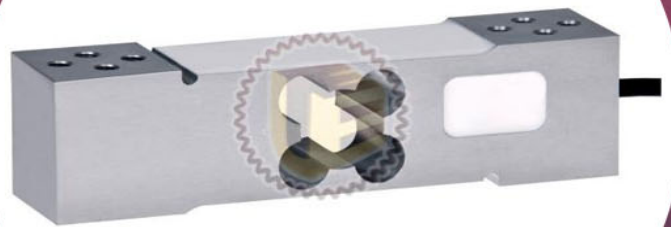

Product Details

Business Type	Manufacturer, Supplier, Retailer, Wholesaler
Material	EN19/ AISI 4140 and Stainless Steel
Application	Industrial Use
Color	Silver
Location	Anywhere in India
Temperature	20-25deg C
Automation Grade	Automatic

Single Point Load Cell Blocks

Product Details

Business Type	Manufacturer, Supplier, Retailer, Wholesaler
Material	EN19/ AISI 4140 and Stainless Steel
Application	Industrial Use
Color	Grey
Location	Anywhere in India
Temperature	20-25deg C
Automation Grade	Automatic

S Type Load Cell Blocks

Product Details

Business Type	Manufacturer, Supplier, Retailer, Wholesaler
Material	EN19/ AISI 4140 and Stainless Steel
Application	Industrial Use
Color	Silver
Location	Anywhere in India
Temperature	20-25deg C
Power Source	Electric
