

BEC Foods

BEC Foods, a reputable exporter and supplier based in Durg, Chhattisgarh India (Factory) and Corporate office in Mumbai, Maharashtra, India, was founded in 1992. BEC foods has a solid foothold in the international market because of the founder, Mr. Veenu Jain Managing Director , and his innovative leadership. BEC Foods has become well known for its outstanding product line, dedication and commitment for quality. The business takes pride in itself and its 100 - 150 employees. BEC Foods focuses on supplying and exporting a wide range of products with premium quality. Our offering, which range from Aseptically packed Tomato paste, Tamarind paste, Red chilli and Green chilli puree, Mango Pulp & concentrate, Citrus Juice and concentrates, Guava pulp and concentrate, Pineapple Pulp,etc, meet the various demands of customers around the world. Major markets recognize us as a dependable supplier and exporter.

ABOUT US

BEC Foods is part of the BEC Group of Companies based in India. The BEC Group was founded in 1960 and, over the past 60 years, has grown to become a highly-diversified conglomerate of different businesses. The BEC group has an annual turnover of INR 9 Billion Rupees (approx. USD 125 Million) and employs over 2000 people across India. We have over 10 manufacturing locations and 3 corporate offices.

Incorporated in 1992, we are a leading food company with over 25 years of experience specializing in fruit and vegetable processing. Our state-of-the-art manufacturing facilities for processing, sterilizing and aseptic packing have been designed and commissioned by Alfa Laval. With our processing technology, we are able to assure a long shelf life without preservatives or refrigeration. All processing stages like extraction, refining, concentration, sterilization, etc. are automated and take place in sealed systems to maintain total hygiene and quality. Computerized process controls ensure we always maintain parameters essential to the preservation of colour, flavour and taste to international standards.

We regularly process various tropical fruits into Purees, Pastes and Concentrates, along with speciality products like Ginger Paste, Garlic Paste, Red Chilli Puree and other spice based products. We also offer a variety of juice blends, specially manufactured to client specifications. BEC Foods is a market leader in processing Tomato, Mango, Guava, Papaya, Tamarind, Orange, Amla (Indian Gooseberry) etc. for various applications.

BEC Foods works closely with over 120 farmers across Central and South India to encourage best agriculture practices, support social development and also access the best quality Fruit and Vegetable for our customers. We develop and supply Pulps and Purees that serves as primary raw material for the Food and Beverage Industry everywhere. We provide complete traceability for our products, right from the lifting from growers till the finished product – a highly desirable phenomenon for any food industry. Due to our strong supply chain, we are well positioned to take part in the new developments that are taking place in the food chain across the world.
