Our company SMP Enterprises was established in 2021 under the guidance of Mr. Jitendra Verma the CEO of the organization has a wide market coverage throughout the world. This entity of Indore, Madhya Pradesh has a great success story because of the reliable services provided here. The SMP enterprise is one of the leading producers and suppliers of electro-mechanical and electrical appliances with leverage of vast experience. The organization strives hard to stay ahead of the competitors in the market and make the best possible use of the talent of their staff and workers for the best products in the company.

The company puts up the full potential to train their employees and gets the maximum efficiency through their work so that customer is satisfied along with the benefit of reasonable prices. The structure of the organization is such that it goes and gets integrated with the highly developed tech of the company. Similarly, the products produced are best and the customer can blindly purchase from us.

Some of the products we offer are solar decorative lights, solar insect trap, pheromone trap, LED outdoor light, soil tester etc.

The support team consists of experts and professionals that provide the best services to their clients. The highest customer satisfaction is achieved by timely delivery of the products and thus building long-lasting relationships with the customer. With our passion to indulge in creative and innovative tech products, we are strongly above all providing reliable strives to the clients.
