NATURE OF BUSINESS
MANUFACTURER, EXPORTER & SUPPLIER

Mr. Vitthal Gajare is commanding the show at RajTechnology. Under him, we are evolving as a company to manufacture top-qualitydrilling machines and other industrial machinery. In only ten years, wehave accumulated a large client base all over the country.

Drilling machines and drill bits comprise the essential machinery of most industries. Big names like NRB Industrial Bearings, Varroc Group and Greaves Cotton stand testimony to the quality of our products.

Our Products

Our team of experts is continuously researching tomanufacture the best machines in the market. We have a team of 20technologically sound experts. With their expertise and experience, we aremanufacturing premium quality drilling machines and drilling heads.

We have drills of varying speed, power and size. Ourproductions include hydraulic drilling machines with 6-spindles, automaticmulti-spindle machines and many more varieties of drilling machines. Ourspindle range goes up to even 13 spindles. We also have automatic mild steeland multi-spindle drilling machines. There are SPM pneumatic double spindledrilling and auto-feed drilling machines.

We also have a variety of drill heads to supplementyour drill machines. All made from the latest technology and scientificresearch, they are powered to drive any object anywhere you wish to drill.Our industrial couplings are no less quality-wise. Our servomotor controlled double drilling tapping machines &pitch-controlled tapping feeder units have unique features which enable you towork more smoothly.

Our service department caters to spindle repairingservice. All our clients can avail of our services.We guarantee quality and timely service to you. For further details, get in touch with Mr. Vitthal Gajare.
