About Us

RAJA DYE CHEM is one of the leaders among manufacturers and suppliers of a comprehensive range of quality dyestuffs, colors for different industrial requirements.

Our range of products include Reactive 'HE' (High Exhaust dyes), Reactive 'C.N' (For Extra Brightness Series) , Reactive 'ME' (Bifunctional dyes), Reactive 'VS' (Vinyl Sulphone based dyes) & Reactive 'P' & 'H' Series for Cotton dyeing & Printing as well as Disperse dyes (S, SE & M Series) & Luminous Disperse dyes for Polyester dyeing & printing.

RAJA DYE CHEM continues to play a leading role in the manufacturing of dyestuffs in India with the intent to further strengthen its position for its quality products. With our decades of experience and extensive industry knowledge, we have been able to face the challenges of the global market place and deliver quality products in adherence with market standards and parameters. We cater to the customer's needs in terms of specifications and quantity using our extensive expertise in the field and quality of service with consistent results each time. Modern production techniques as well as flexible processes and procedures allow us to offer efficient service for all types of orders.

RAJA DYE CHEM is a customer oriented company and works with the objective of achieving maximum customer satisfaction. The company has adopted innovative procedures and practices to meet customer expectations every time they deal with us. Product customization as per the need of the customer is always our strong forte. We always welcome any feedback or suggestions from clients in order to serve them better.
