ABOUT US

Our company, **SAMU INDUSTRIES PVT LTD**, is successfully offering world-class items like Blender, Plastic Fruit Juicer, Plastic Vegetable Juicer, Roti Maker, Rotary Grater, etc. We are a manufacturer and supplier that is located in the Rajkot, Gujarat of India whose focus remains on quality instead of quantity. The price tags associated with our array of products are unbeatable in the market. We are extremely glad to achieve customer satisfaction as we meet their prospects by offering durable items that own all the qualities which they desire to have in it. We make use of automatic as well as semi-automatic machines in our production unit that helps in manufacturing the best quality product.

QUALITY CHECKING PROCESS

We are a customer-focused firm and believe in offering the best products such as Kitchen Shears, Colander, Plastic Fruit Juicer, Plastic Vegetable Juicer, Can Opener, Mixing Bowls, etc. in exchange of the client's money. Quality is one of the important benchmarks that we have maintained in our offerings and which in-turn has helped us in earning customers' trust.

OUR INFRASTRUCTURE

We have two company branches with high-tech machinery and all the required facilities that are required by our professionals to meet the client's expectation and increase productivity. Our production house is ultra-modern and is handled by a team of dexterous experts, who are capable to meet the set targets of the company. Also, our organization has the ability to fulfil multiple and bulk orders at a time, as we have two large warehouses that helps us store our products in a large quantity and supply at the time of need. In addition, we have divided our infrastructure into different departments to carry out tasks with utmost perfection.
