

Sigma M Industries

**Manufacturers,
Exporter & Supplier**

**Year of
Establishment**

2019

Sigma M Industries, a leading manufacturer and supplier dedicated to providing high-quality electrical solutions since 2019. Founded by Mr. Dhandapani Mahalingam in the vibrant city of Chennai, Tamil Nadu, we have built a reputation for excellence in producing a comprehensive range of electrical products, including junction boxes, electric control panels, and various enclosure solutions.

At Sigma M Industries, our commitment to quality is at the core of everything we do. Our product lineup features modular electrical boxes, galvanized mild steel switch mounting boxes, and mild steel electric fan boxes, all designed to meet the rigorous demands of modern electrical installations. We take pride in our SMC pole distribution boxes and aluminum perforated cable trays, which provide efficient and safe management of electrical systems. Our rectangle electrical pole boxes and mild steel UPS cabinets ensure robust protection for critical electrical components, while our MCB distribution boards and MCB boxes guarantee reliable circuit management for residential, commercial, and industrial applications.

Our team of skilled professionals is dedicated to continuous improvement and innovation. We invest in state-of-the-art manufacturing techniques and adhere to strict quality control standards to ensure that every product leaving our facility meets the highest industry benchmarks. This commitment to excellence has enabled us to forge strong partnerships with our clients, who rely on us for dependable solutions tailored to their specific needs.

Sustainability is also a key focus at Sigma M Industries. We strive to minimize our environmental footprint by implementing eco-friendly practices throughout our production processes. By utilizing sustainable materials and reducing waste, we aim to contribute positively to both our community and the planet.
