# ABOUT US

---

DYSKI was established in the vibrant Gujarat, Ahmedabad, as a renowned supplier and trader. We have the expertise to provide Adjustable channels, Sliding entryway rollers, Couple boxes, and Sprinter sets to fulfil various industry needs. We were established to deliver top-quality equipment arrangements. We have built a strong reputation for unwavering quality, advancement, and client-centricity.

DYSKI envisions becoming a reliable supplier of equipment arrangements, recognised for our advancement, uncompromising quality, and commitment to customer loyalty. We are committed to consistently improving our products and services to go above and beyond client expectations.

Our Adaptive channels offer smooth and effective sliding instruments, improving the usefulness of cupboards, drawers, and capacity units. Created with accuracy, they are intended to get through weighty burdens while keeping up with the simplicity of activity. Our Sliding entryway rollers are designed for accuracy and solidness.

A couple of boxes from DYSKI are a demonstration of brilliant stockpiling arrangements. Our Sprinter sets are an essential part of cabinet frameworks, conveying remarkable strength and security. Whether for kitchen cupboards or office furniture, our sprinter sets guarantee consistent and calm cabinet activity

At DYSKI, quality is our main concern. Our items go through thorough quality checks to guarantee they satisfy the most noteworthy industry guidelines. We offer a complete scope of equipment arrangements, taking care of different ventures and applications. We comprehend the remarkable necessities of our clients and work intimately with them to give customized arrangements that meet their particular prerequisites.
