

The Best Quality

Renuka Engg. Works Reliable Partner for Lubrication

We, Renuka Engg. Works engaged in high quality import substitute Centralized lubrication system and allied products manufacturing in India. We have total product range of High Pressure Manual, Pneumatic & Motorized Grease/Oil pumps, Dose Feeders, Progressive Distributors, Injectors, Hydraulic/Electrically operated Direction Control Valves, Barrel Mounted Motorized Grease Transfer Pump, Oil Circulation System, Spray Nozzles, Orifice Plates & Flange Assembly, Hydraulic Cylinders & Power Packs etc. We comply with the best standards while designing and engineering them. We are a team of highly skilled individuals – technicians, labors, engineers, machine operators, etc.

We, Renuka Engg. Works started our journey in the year 2004, with an aim to produce such systems which are at par with international products for its consistent quality and performance. Our focus, however, has always been on maximizing customer satisfaction. That's why we cater to the demand for customization with unmatched competency. We are headquartered in Pune, Maharashtra. We deals with Domestic as well as Foreign customers

Infrastructure

We are backed by an advanced manufacturing unit, which is equipped with cutting-edge technology and modern machines, from where the products are rolled off standing high on precision and design. Also we ensure not to waver when it comes to offering the products with the guarantee of supreme quality. We have quality testing Rigs, wherein we ascertain that the products meet all the applicable standards/norms so as to appease the buyers.

Client Satisfaction

To offer competitive services for System Designing, Application engineering & selecting an appropriate Centralized Lubrication System for effective work including full system installation & commissioning. Also we serve prompt service after sales, taking with Annual Service Contract to trained your personal and make them able to do preventive maintenance as their own through our experts.

Sectors We Serve

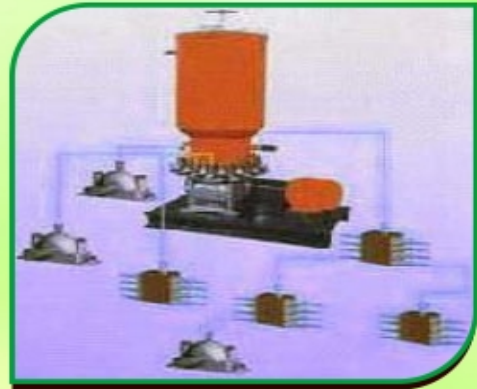

We offer our services to various core sectors like Steel, Cement, Sugar, Machine Tools, Material Handling, Paper and Earth Moving Machinery etc.

Our Product Range

- High Pr. Dual Line Motorized & Manual Grease/Oil Pumps
- High Pr. Multioutlet Motorized & Manual Grease/Oil Pumps
- Oil Circulation Systems,
- Hydraulic/Electrically operated Direction Control Valves
- Dual Line Dose Feeders,
- Progressive Distributors,
- Single Line Injectors,
- Spray Nozzles Monitored/Unmonitored,
- Hydraulic Cylinders & Power Packs,
- Orifice Plate & Flange Assembly etc.

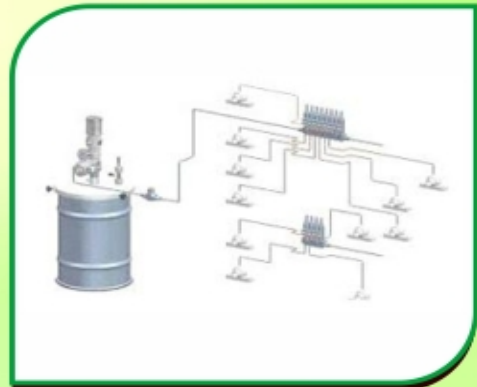

Single Line Progressive Type Lubrication System

Type	:	Lubrication System
Certification	:	CE Certified
Application	:	Filling Tubes
Weight	:	100-500kg
Voltage	:	230V
Power	:	1-3kw, 12-15kw, 3-6kw, 6-9kw
Driven Type	:	Electric
Warranty	:	1year
Automation Grade	:	Fully Automatic, Semi Automatic

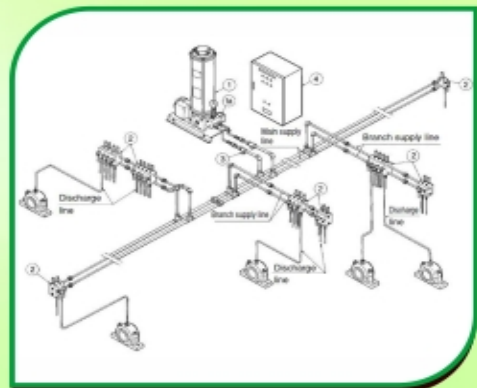

Single Line Injector Type Lubrication System

Type	:	Centralised Lubrication Systems
Certification	:	CE Certified
Application	:	Filling Tubes
Weight	:	100-500kg
Voltage	:	230V
Power	:	1-3kw, 12-15kw, 3-6kw, 6-9kw
Driven Type	:	Electric, Hydraulic, Mechanical
Warranty	:	1year
Automation Grade	:	Semi Automatic

Dual Line Lubrication System

Type	:	Dual Line
Certification	:	CE Certified
Application	:	Filling Tubes
Weight	:	100-500kg, 1000-1500kg
Voltage	:	230V
Power	:	1-3kw, 12-15kw, 6-9kw
Driven Type	:	Electric, Hydraulic, Mechanical
Warranty	:	1year
Automation Grade	:	Semi Automatic

Multi-Line Lubrication System

Type	:	Lubrication System
Certification	:	CE Certified
Application	:	Filling Tubes
Weight	:	100-500kg
Voltage	:	230V, 440V
Power	:	1-3kw, 12-15kw, 3-6kw
Driven Type	:	Electric
Warranty	:	1year
Automation Grade	:	Semi Automatic

Grease Spray System

Type	:	Spray Machine
Certification	:	CE Certified
Color	:	Multi Colour
Voltage	:	220V, 380V
Power	:	1-3kw, 3-6kw, 6-9kw, 9-12kw
Driven Type	:	Pneumatic, Electric
Warranty	:	1year
Automatic Type	:	Manual

Oil Circulation System

Type	:	Oil Circulating System
Certification	:	CE Certified
Weight	:	100-1000kg
Color	:	Multi Colour
Voltage	:	110V, 220V
Power	:	1-3kw, 3-6kw, 6-9kw
Warranty	:	1year
Driven	:	Electric
Automation Grade	:	Semi Automatic

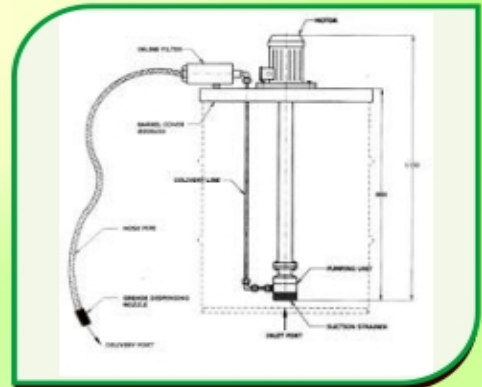

High Pressure Multioutlet Grease Pump

Type	: High Pressure Pumps
Material	: Polypropylene
Application	: Agriculture, Automotive, Industrial
Weight	: 10-20kg
Color	: Black
Voltage	: 110V, 220V
Power	: 10hp, 1hp, 2hp, 5hp
Driven Type	: Electric
Pressure	: High Pressure
Warranty	: 1year, 2years, 5years
Certifications	: CE Certified

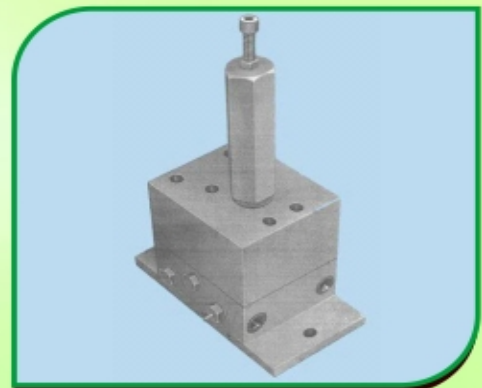

Barrel Mounted Motorized Grease Transfer Pump

Flow Rate	: 500g/min, 1500g/min, 3500g/min, 6000g/min, 10000g/min
Max. Discharge PR.	: 150Kg/cm ²
Motor	: 3 phase, 415VAC, 1440 rpm, 50 Hz, IP65
Inbuilt Relief Valve	: 100Kg/cm ²

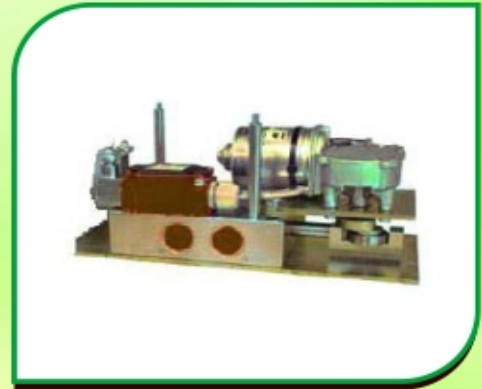

Hydraulically Operated Direction Control Valve

Size	: 1.1/2inch, 1.1/4inch, 1/2inch, 1inch, 2inch, 3/4inch, 4/5inch
Type	: Direction Control Valve
Material	: Carbon Steel, Metal, Stainless Steel
Certification	: ISO 9001:2008 Certified
Application	: Gas Fitting, Oil Fitting
Color	: Silver
Pattern	: Plain
Automatic Grade	: Automatic, Manual
Pressure	: High, Low, Medium
Features	: Blow-Out-Proof, Durable

Electrically Operated Direction Control Valve

Size	:	1.1/2inch, 1.1/4inch, 1/2inch, 1inch, 2inch, 3/4inch
Type	:	Electrically Operated Valves
Material	:	Brass, Carbon Steel, Metal, PP, PVC
Application	:	Electrically Use
Pattern	:	Plain
Automatic Grade	:	Automatic
Pressure	:	Low Pressure, Medium Pressure
Features	:	Blow-Out-Proof, Casting Approved, Durable
Temperature of Media	:	Normal Temperature
Number Of Way	:	2way, 3way

Progressive Distributor

Material	:	Metal
Type	:	Distributor
Finishing	:	Polished
Outlet	:	3 to 20 Outlets
Outlet Port Size	:	1/8 Fitting
Output Volume	:	Min 0.5cc to 10cc

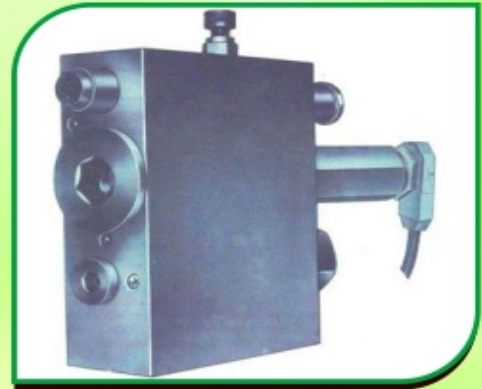

Two Line Dose Feeder

Type	:	Dose Feeders
Certification	:	CE Certified
Application	:	Batching, Dosing, Mixing
Weight	:	10-100kg
Color	:	Shiny Silver
Voltage	:	220V
Capacity	:	100kg/hr, 200kg/hr
Frequency	:	50Hz, 60Hz
Automatic Grade	:	Semi Automatic
Power	:	0-5kw, 10-15kw, 15-20kw
Driven Type	:	Electric
Warranty	:	1yrs

Monitored Spray Nozzle

Type	:	Spray Nozzles
Diameter	:	0.5-1mm, 1-2mm, 2-4mm, 4-6mm
Use	:	For Spray
Application	:	Industrial Use
Color	:	Silver
Finishing	:	Polished
Pressure	:	High, Low, Medium
Features	:	Fine Finished, Heat Resistance, Highly Durable, Light Weight

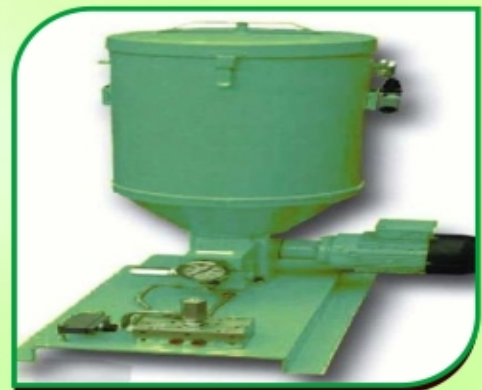

Unmonitored Spray Nozzle

Type	:	Spray Nozzles
Diameter	:	0.5-1mm, 1-2mm, 2-4mm, 4-6mm
Use	:	For Spray
Application	:	Industrial Use
Color	:	Black
Finishing	:	Polished
Pressure	:	High, Low, Medium
Features	:	Fine Finished, Heat Resistance, Highly Durable, Light Weight

High Pressure Motorised Grease Pump

Type	:	High Pressure Pumps
Application	:	Agriculture, Automotive, Industrial, Marine
Weight	:	10-20kg, 20-300kg
Color	:	Green
Voltage	:	220V
Power	:	10hp, 1hp, 2hp, 3hp
Driven Type	:	Electric
Pressure	:	High Pressure
Warranty	:	1year
Certifications	:	CE Certified

Renuka Engg. Works
Reliable Partner for Lubrication

Mr. Chandgadkar Sanjivkumar
