Electrotech is one of the leading manufacturers of wide spectrum masks & hand sanitizers. We are rated as the top-notch manufacturers of hand sanitizers, PPE kits, face masks, surgical gowns, safety face shields, electric steam vaporizers, disinfectant sprays, ketoconazole soaps, infrared thermometers & green tea leaves. We manufacture, supply and export our items uninterruptedly as per the orders of the customers.

Manufacturing our items from premium grade raw materials is the USP of our company based in West Bengal's Jalpaiguri. We never purchase our basic materials from any vendor that come calling at our office. Before the manufacturing process begins, we ensure that all raw materials are from authentic and reputed vendors so that our customers get only the best from us.

Our team of competent professionals is always doing thorough research and R&D to come up with the best innovative items so that our clients are satisfied with us at all times. Satisfying them is our sole aim at Electrotech is to associate ourselves with superior quality no matter what the circumstances are. With this, we can guarantee you that you will always be delivered with quality at all times.

Under the valued guidance of Mr. Subham Chakraborty, our founder, we have made deep inroads into the hand sanitizer and face mask industry, beginning in just 2012. This is helping us as a company to grow into a global supplier of repute. Meeting the set norms, standards and parameters of the industry has become a habitual aspect with us, which is why we are seeing our growth in leaps and bounds.
