USE AND CARE INFORMATION FOR NAYASA PRODUCTS.

The majority of Nayasa products are guaranteed for a life time of service with minimum care. Follow these simple steps for best results

Cleaning in Dishwasher.

Nayasa brand products with  specified on them, can be safely washed in the dishwasher. Place the product securely on the top shelf of the dishwasher. Do not keep products touching the heating element as they will melt or warp. To avoid stains rinse immediately after use, before placing in the dishwasher.

Cleaning in Sink

Use warm soapy water and a soft cloth or sponge. Dry with soft towel or air dry away from direct heat. Avoid any abrasives, they will dull the finish or leave scratches. Do not use scrubbers (plastic or metal). To avoid stains rinse immediately after use.

Storing empty containers

Store empty containers without their lids on (to keep containers airtight). Keep all Nayasa brand products away from sharp utensils that can scratch smooth surfaces.

Storing food.

Cool hot liquids that contain fat, before you keep them in containers, bowl, or dishes. Soups, Sauces, Oils, or cooking Grease can get hot enough to damage the containers. When used to store hot beverages made with boiling water let the liquid cool before handling the container. Use plastic or wooden spoons to avoid scratches.

Microwave cooking instructions.

Use only microwave safe Nayasa products for microwave cooking/ reheating. These products will come with  engraved on them.

Do not use products in conventional oven, under a grill, on a stove or in convection (baking) mode of microwave oven.

Always use pot holders to handle hot containers

Use plastic or wooden spoons to avoid scratches.

Products are not recommended for making pop-corn.

Avoid cooking small amount of food high in fat and sugar.

Do not use containers in microwave with lid closed, unless the lid has a vent on it. In which case keep the vent open.

Reheating Tomato base sauces and foods may cause staining.

Symbols you will see on Nayasa products and the meaning.

 Product is made from certified food grade material

 Product is made from Poly Propylene (PP) material. These products are microwave, dishwasher, refrigerator safe. Can be used for hot water (incase of bottles) as well as hot foods.

 Product is made from PET material. Refrigerator safe. Non Microwaveable nor Dishwasher safe. Do not use for hot water (incase of bottles) and warm foods (incase of containers).

 Product is made from polystyrene material not microwave safe or dishwasher safe. These products are fragile.

BPA free - This means the product does not contain harmful chemical Bisphenol -A.
