

JUPITER

Lab Grown Diamond

Year of
Establishment
2019

Surat, Gujarat's Jupiter Exim, led by Company Founder Mr. Yash Kothiya, has become a leading manufacturer, exporter and supplier of loose diamonds and finished diamond jewelry since 2019. They offer a compelling selection of lab-grown diamonds, perfectly suited for wholesalers and jewelry manufacturers.

Unmatched Variety of Lab-Grown Diamonds:

Jupiter Exim stands out for its extensive collection of lab-grown diamonds. They offer a wide range of cuts, colors, and carat weights, including:

- Classic cuts: Round brilliants, marquises, princess cuts, emerald cuts, and radiant cuts.
- Fancy shapes: Pear, asscher, heart, and lozenge.
- Colors: White, yellow, blue, and a variety of fancy color options.
- Certifications: CVD and HPHT grown diamonds, ensuring quality and ethical sourcing

Natural Diamonds to Meet Your Needs:

Jupiter Exim recognizes the enduring value of natural diamonds. They provide a curated selection of loose natural diamonds, including light brown stones, to fulfill your specific requirements and budget.

Streamline Your Jewelry Manufacturing:

Jupiter Exim simplifies your jewelry manufacturing process by offering a comprehensive selection of loose diamonds. This allows you to create exquisite pieces that cater to diverse customer preferences.

Unwavering Quality and Expertise:

At Jupiter Exim, exceptional quality is paramount. They prioritize meticulous sourcing and certification processes, guaranteeing you receive only the finest diamonds. Their team's expertise extends to in-depth industry knowledge, allowing them to provide valuable insights and support.

Partner with Jupiter Exim:

Join Jupiter Exim's thriving network. Contact them today to explore their extensive diamond inventory and discuss how their commitment to quality and variety can elevate your jewelry creations.
