Ashish Traders

Ashish Traders have been engaged in the business of makhani manufacturing since its inception in 1997. We have been the leading manufacturers, suppliers and exporters of the seeds from Purnia in Jharkhand. Purnia previously in Bihar, is the leading producer of the seeds in India,

About Us

Ashish Traders have been engaged in the business of makhani manufacturing since its inception in 1997. We have been the leading manufacturers, suppliers and exporters of the seeds from Purnia in Jharkhand. Purnia previously in Bihar, is the leading producer of the seeds in India, with 70% of the produce coming from the state and hence we guarantee you that we are genuine suppliers of premium quality lotus seeds or makhana.

As our customers are of utmost importance and the pillars of our business, we ensure that they are highly satisfied with our products and our services. Our client-centric approach has helped us retain the leading position in the market.

The seeds though they seem to be items that are not in regular use, are a very nutritious item that is low on sodium and high on minerals like potassium and magnesium and are very beneficial for health. Keeping this in mind, Ashish Traders, founded by Mr. Ashish Kumar Gupta, very proudly brings to the world its array of various types of makhana like family, Kanha, Gopal bhog and Ganpati varieties of the seeds.

There is no reason to worry about the quality and, with it, we assure you that we have a very fast delivery system that helps in the transportation of the products in good time. Our warehousing is equally good and, we store the seeds in very hygienic conditions so, you can trust us with our quality.
