

Vihaan Corporation

Exporters,
Supplier,
Trader and
Service Provider

08047023408

Established in 2018, Vihaan Corporation is a Vadodara-based company recognized as a reliable exporter, supplier and trader of electrical products and services. Under the guidance of Mr. Vishal Bhavsar, our director, we've flourished over time into a trustworthy partner for an extensive selection of products and services.

We adhere to industry standards and offer high-quality electrical components and excellent service. Our products include tripping coils from industry-leading brands like Siemens, ABB, Schneider, and Crompton Greaves. In addition, our company offers vacuum circuit breakers, including models from ABB and Schneider.

We also offer a diverse range of SF6 Circuit Breaker spare parts, including gas filling machines, density monitors, and recovery evacuation filling machines. Our services include SF6 circuit breaker overhauling, circuit breaker maintenance, AC drive maintenance, and SF6 gas leakage repair services. Driven by a promise to greatness, we have set up a good foundation for ourselves as a favored choice for organizations around the world.

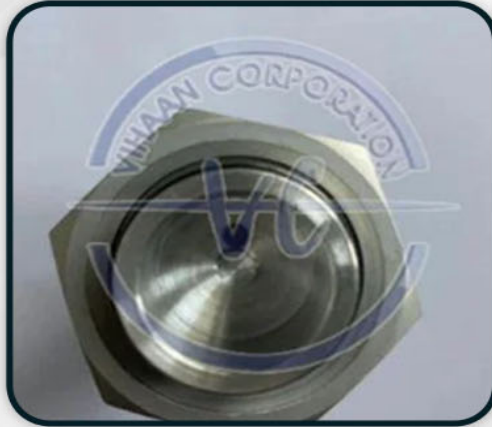

As a reliable exporter and trader, we value offering solutions that meet the developing necessities of the electrical business. From a worldwide standpoint, our company keeps on growing its reputation in significant business sectors around the world. Go through our portfolio, place your orders, and you can even get in touch with us for any queries.
