

# Hindustan Forging

**Manufacturer  
Exporter & Supplier**

[www.hindustanforging.co.in](http://www.hindustanforging.co.in)

**Hindustan Forging**, established in the year 1989 at ISO 9001: 2008 Certified company at Jamnagar, Gujarat is the leading manufacturers and exporters of Gas Cutting Torch, Gas Welding Torch, Gas Cutting Nozzle, LPG Regulator, Gas Flow Meter, Gas Regulator Single Stage Single Gauge and Double Gauge, Brass Welding Parts, Brass CNC Turned Parts & Cylinder Valve Parts and all type of brass products manufacturing as per customer specification.

We use Brass Extruded rods as per specified material.

Our factory is equipped with most sophisticated machineries and excellent instruments to ensure quality of each product. We can offer you quality material in quantity at a time as we have Advanced and Automatic Machines operated by skilled persons, along with Technical persons to assist them at every stage of manufacturing. We have a strict online quality control systems.

Our products are being supplied to various reputed companies in India and abroad, to their entire satisfaction.

### **Our team consists :**

- Sales and marketing personnel
- Procuring agents
- Quality controllers
- Warehouse Managers
- Packaging Experts

### Brass Welding Parts

The company has cemented its presence among the reliable Manufacturers, Exporters and Suppliers of Brass Welding Parts. These are manufactured in compliance with set industrial norms. Courtesy our brilliant logistics network, we are capable of delivering bulk orders of the Welding Parts within the promised timeframe. One can obtain these at market-leading prices from us.

### Gas Cutting Nozzles

The company share glorious credentials with the eminent Manufacturers, Exporters and Suppliers of Gas Cutting Nozzles, We offer A - Type Gas Cutting Nozzle, B - Type Gas Cutting Nozzle and PNM Gas Cutting Nozzle. Bulk orders of these are processed by us as per the specific requirements of the buyers. One can obtain these at affordable rates.

### Gas Cutting Torch

Leveraging on our rich industry experience, we are reckoned among the preeminent Manufacturers, Exporters and Suppliers of Gas Cutting Torch. Our range is inclusive of Blow Pipe Gas Cutting Torch and NM Gas Cutting Torch. We hold the expertise to deliver bulk orders of the Cutting Torch within the promised timeframe. Stay assured, we offer the torch at reasonable rates.

### Co2 Gas Flow Meter

We are bracketed among the renowned Manufacturers, Exporters and Suppliers of Co2 Gas Flow Meter. The meters we make available undergo numerous quality-tests based on rigid parameters before the final dispatch. We have all the in-house facilities to deliver bulk orders of the meters within the promised timeframe. Buyers can obtain these at market-leading prices.

### Gas Welding Nozzle

We are counted among the successful Manufacturers, Exporters and Suppliers of Gas Welding Nozzle. Excellent quality, high corrosion resistance and optimum durability are few words that better describe our nozzles. We have all the in-house facilities to deliver bulk orders of these within the stipulated timeframe. One can obtain these at competitive rates from us.

### Gas Welding Torch

Our company stands tall among the established Manufacturers, Exporters and Suppliers of Gas Welding Torch. The torches offered by us are manufactured in compliance with set industrial norms. Bulk orders of these are processed by us as per the specific requirements of the buyers. One can obtain these at nominal rates from us.

### LPG Regulators

We are enlisted among the reputed Manufacturers, Exporters and Suppliers of LPG Regulators. The regulators offered by us are manufactured & tested as per IS: 6901 standard. These are used for diverse applications like welding, heating, Cutting, brazing, research lab etc. Buyers can obtain these at affordable rates from us.

### Gas Regulator Single Stage Single Gauge

We are enlisted among the successful Manufacturers, Exporters and Suppliers of Gas Regulator Single Stage Single Gauge. We manufacture the regulator in compliance with international quality standards. We customize the regulators as per the specific requirements of the buyers. Bulk orders of these are processed by us as per the specific requirements of the buyers. One can obtain these at affordable rates from us.

### Gas Regulator Single Stage Double Gauge

Leveraging on our rich industry experience, we are reckoned among the preeminent Manufacturers, Exporters and Suppliers of Gas Regulator Single Stage Double Gauge. The regulators offered by us are precision engineered and designed in compliance with international quality standards and parameters to deliver superior performance and extended service life. We offer these at nominal rates from us.

### Blow Pipe Cutter

- Blow pipe mixing cutter
- Body: forged brass material
- Head: forged brass material
- Weight of cutter: 1.600 kg. Lower fatigue to operator due to its light weight
- Oxygen & fuel gas tube: use two pipe extruded brass tube specified material ensure highly resistant and longer life
- Control knob: brass extruded spindle are use in control knob for longer life
- GASCO cutting blow pipe available in different length like 520mm, 750mm and as per customer requirement

### NM Cutter

- Nozzle Mixing Cutter
- Body: Forged Brass Specified Material
- NM Type Three Seat Nozzle: Much Safer, Virtually No chances of Backfire / Flashback Gases Mixed In The Nozzle Only
- Weight of Cutter: 1.300 Kg. Lower Fatigue To Operator Due To Its Light Weight
- Head: Forged Brass Specified Material
- Oxygen & Fuel Gas Tube: Use 3 Nos Seamless Stainless Steel Tube, Ensure Highly To Corrosion and Longer Life
- Handle: Aluminium Material Is Used For Longer Life
- Control Knob: Stainless Steel Spindle are use in Control Knob For Longer Life

### Low Pressure Heating Torch

GASCO introduces new generation gas heating torch to give you continuous and trouble free service. GASCO gas heating torch is precision engineered and designed in accordance with prescribed industry standards and parameters to deliver superior performance and extended service life. The regulator body and bonnet are specially forged from extruded brass rod thus eliminating casting porosity. The forged body can withstand one and half times the full cylinder pressure.

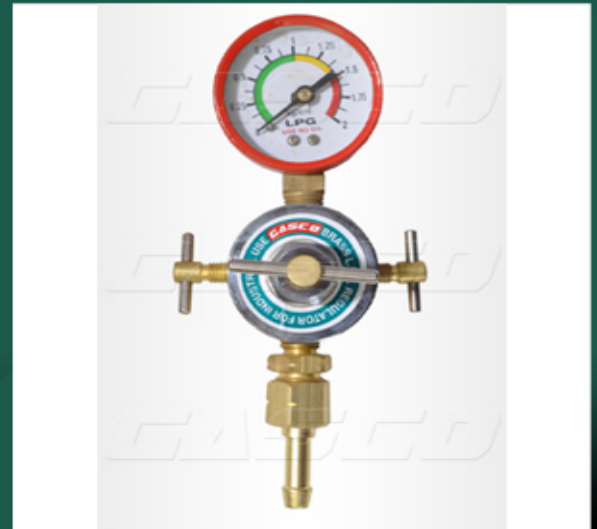

### LPG High Pressure Heating Torch

**LPG Regulator**

**LPG Regulator  
(Single Meter)**

- Size: 22mm, 25mm
- This regulator comes without gauge.
- Due to forged brass body it can withstand 1 ½ full cylinder pressure.
- Diaphragms is made of nylon reinforced neoprene rubber.
- Manufactured & tested as per IS: 6901 standard.
- Regulator is available for oxygen, acetylene, Nitrogen, argon, CO2 gases.
- Used for diverse applications like welding, heating, Cutting, brazing, research lab etc
