Onida TV

## Large Screen to body Ratio

The proportion of ultra-high screen fully liberates the boundary of vision,  
far exceeding the proportion of ordinary screen

## Two Texture Processes Make it Difference

## 4K ULTRA HD

Immerse yourself in picturesque visual imagery, captivating surround sound or sharp game graphics with a 4K Ultra HD display resolution 3840x2160px and a 60 Hz refresh rate bundled with HDR 10 to produce a high nit ratio of peak brightness.

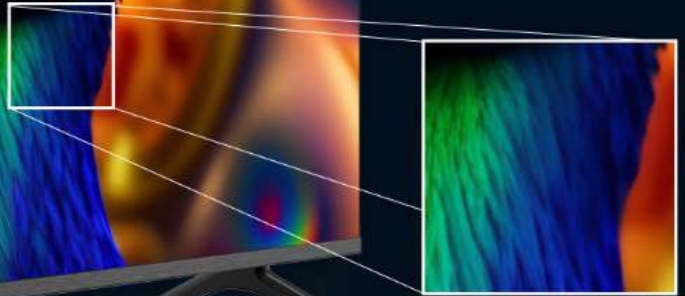

Bring entertainment to life with a combination of Dolby Vision & Dolby Atmos which display clear picture and deliver high-quality audio for an immersive entertainment experience. Stream from your favourite OTT Apps in true 4K resolution and Dolby surround sound.

## Pixa Visual Engine

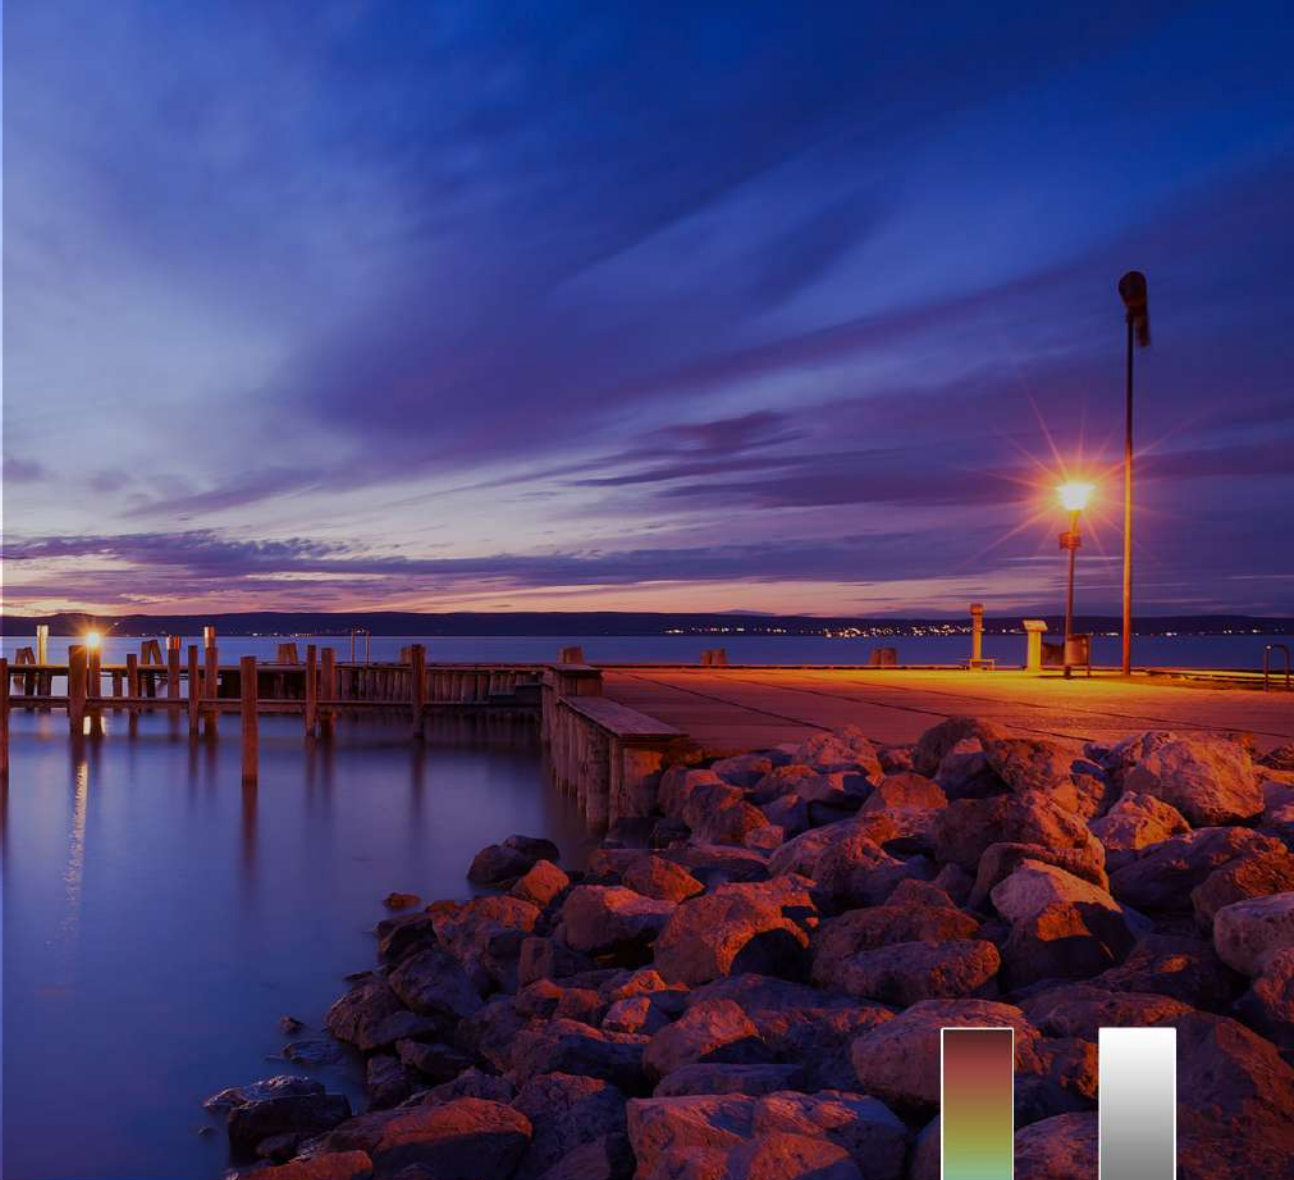

Pixa Visual Engine enhances the visual experience as it produces life-like picture quality, rich contrast and brilliant colours.

# HDR10 & HLG

Enjoy HDR10 with a 10-bit video stream of over 1 billion colors and a maximum brightness production.

WITH HDR10 & HLG

WITHOUT HDR10 & HLG

CONTRAST

COLOUR

COLOUR

CONTRAST

# MEMC

MEMC is a frame interpolation technology that artificially adds additional frames between original frames and makes high speed content appear smooth and crisp.

**WITH MEMC**

**WITHOUT MEMC**

# GOOGLE TV

Google TV offers a modern and feature-rich TV that offers a personalized home screen that displays content recommendations based on your viewing history and preferences

Google Assistant is a powerful and versatile digital assistant that can help users with a wide range of tasks, and is constantly evolving to offer new features and capabilities. Users can ask it anything from "What's the weather like today?" to "How do I make a pasta?" and receive a helpful response.

# Hey Google

Chromecast built-in (Google Cast) lets you watch your favorite entertainment and apps from your mobile device or computer on your Google TV or Android TV.

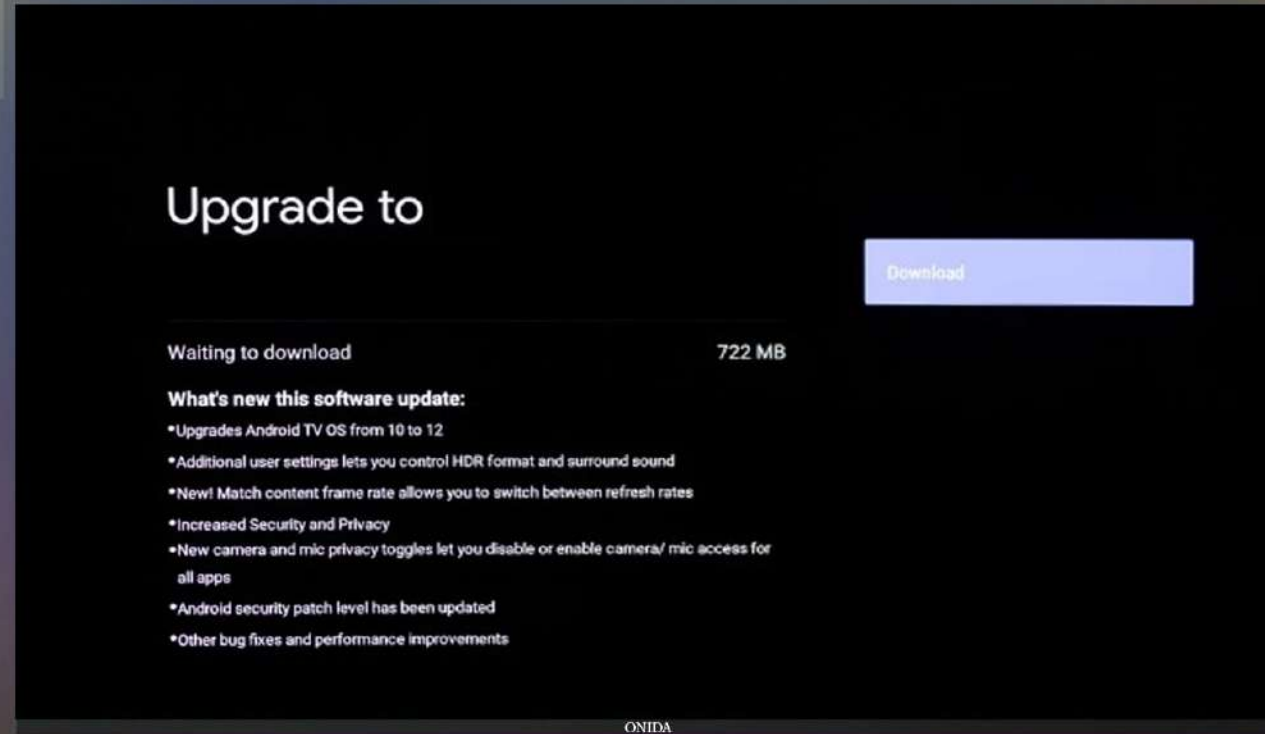

# OTA

## Over The Air Software Updates

OTA updates are designed to upgrade the underlying operating system provided by Android and Google.

YOUR APPS

# Easy access to more than 10,000 apps.

Movies & Shows

Live TV & Sports

Fitness

Music

NO MORE JUMPING BETWEEN APPS

# Everything in one place.

Your favorite streaming apps in one, easy-to-browse experience. From Disney+ Hotstar to YouTube it's easier than ever to discover what to watch.

## Top picks for you

Shoorveer  
Disney+ Hotstar

## Because you watched Shoorveer

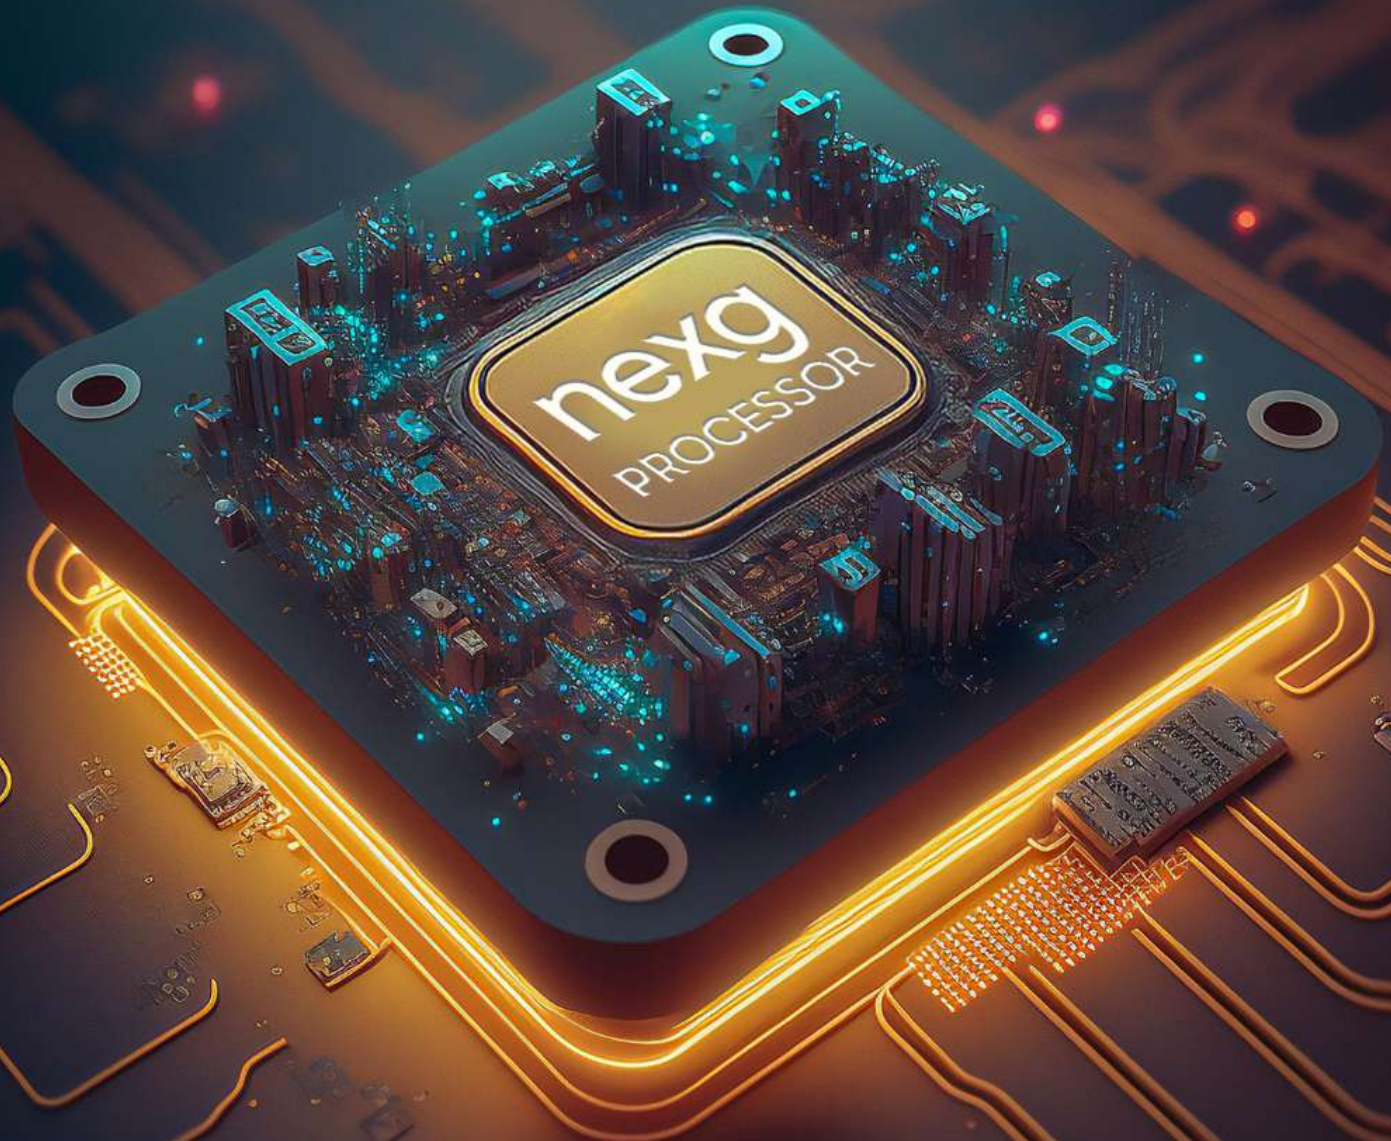

## Your apps

# Nexg Processor

Get lightning fast performance with Onida's nexg processor which gives you extra power for faster web browsing, smoother experience and easy multi-tasking. An 16GB internal storage and 2GB RAM ensures that you enjoy high adrenaline content without compromising on the speed.

\*Available in select models only
